FIREMAN WHO 'HIT' GROCER FINED \$50

Judge Couldn't See Necessity of Punch in Nose in Removal of Fire Hazard.

City Fireman George Gerhardt, looking tremendously official in his blue suit, brass buttons and cap with the insignia "F. D." on it, walked into the grocery of Harry Mariam, at 1739 Franklin avenue, one day not so long ago. Despite Fireman Gerhardt's extremely official appearance he was not at all official at the time, for he was off duty and just going around. But then Fireman Gerhardt was supposed to sleep, so maybe that is why Gerhardt felt so official.

Well, when Gerhardt got into Mariam's store, he went up to Mariam officially and said he would inspect the premises and he said it in an official manner. So Mariam said "all right" and the Fireman led him to the backyard. And this is where the stories begin to differ.

According to what the grocer told Police Judge Matthews yesterday, the Fireman kept getting more official all the time. "First he looked around and then he looked at the windows and then he said, 'I'll give you just eight days to get some fire escapes on that wall. Just eight days.' Every time he said something I smelled liquor. Then Mr. Heagen, who is the caretaker of the building, came along. The Fireman told Heagen to mind his own business. Then he told me to mind my own business. I asked Heagen to go for a policeman and while he was gone the Fireman hit me twice and made my face bleed. Then he started to leave and I held him by his belt until the policeman came. When Gerhardt told me the first escapes were none of my business even if I was the caretaker," Thomas Heagen related, "and that he'd only give me eight days to get fire escapes I told him I'd have to write to the owner of the building, who lives in Boston. Then he told me to mind my own business again. He smelled like liquor to me, too."

So the Judge asked Patrolman Lehn what he knew about the liquor. The policeman said he took the Fireman to city hospital, but the physician there said the Fireman wasn't intoxicated. But the policeman said he also had smelled liquor.

And now it was the Fireman's turn. "I didn't have a drink," he declared. "I went to that place to see some friends. And I saw excelsior around and I told them to clean it up. And I didn't hit Mariam. I just pushed him and he fell against a box."

Now, of course, everyone knows that excelsior is supposed to have the same effect on a person that a general alarm has. Judge Matthews didn't think the Fireman would decrease the possibility of conflagrations by hitting Mariam in the nose. So he fined Fireman Gerhardt \$50. Anyhow, the presence of excelsior in the rear of 1739 Franklin that day wasn't definitely established.

ASKS FOR A 'DECENT BURIAL' THEN INHALES GAS FUMES

Henry Snyder, 71, Separated From Wife, Is Found Unconscious in Room.

Henry Snyder, 71 years old, last night was found unconscious in his room at the house in which he boards, 2552 North Market street, from gas fumes which he was inhaling through a tube leading from a gas jet. On a nearby table were two letters and \$34. One letter was to his daughter, Mrs. William Hass, 5331 S. Olive court, and the other to Fred Meyer, 2547 Montgomery street, asking that he deposit the money in a bank. Snyder was taken to city hospital, where his condition is critical.

William Schumacher, an undertaker of 1844 North Jefferson avenue, a friend of Snyder, told the police that a few days ago Snyder had come to him and asked him to give him a "decent burial" if he died. In answer to Schumacher's protest, Snyder said, "You never know what's going to happen." The police were told that Snyder was separated from his wife and had become despondent.

MAN IS FOUND DEAD IN PARK

Identified by Papers in Pockets of Clothes as Switchman.

A man, identified from papers in pockets of his clothes as Howard A. Brennan, 44, railroad switchman and, formerly, a Corporal in the Fourth Light Mobile Ordnance Repair Shop at Fort Bliss, Tex., was found dead in a park at daybreak today.

There was no sign of violence and the cause of death will be determined by an autopsy. Among the papers was a letter of recommendation as a switchman, given by the Wiggins Ferry Co. in 1922 and addressed to Brennan at the Aberdeen Hotel.

Russian Convicts Escape From Train.

By The Associated Press. LONDON, April 22.—A Reuter dispatch from Moscow says that 34 convicts, who were being removed from Irkutsk, Eastern Siberia, by train yesterday, overpowered and disarmed the guards and escaped. Before their escape they robbed the members of the Railway commission, who were on the same train.

BLANKET BALLOT LAW INSTITUTED AS REFORM

No One Anticipated Trouble on Which Recent Mayoralty Election Was Contested.

The present blanket ballot law, under which the recent city election was conducted, with a resultant contest over the office of Mayor, was passed by the Missouri Legislature of 1921, which was Republican in both branches, and was approved by Gov. Hyde.

It was part of a series of so-called election reform measures, prepared by a group of men experienced in election work. Joseph W. Jamison, formerly a Democrat, is Election Commissioner here, was the only St. Louis man in the group. The others were from Kansas, Ohio and Indiana.

Jamison, who was retained by the Chamber of Commerce and the League of Women Voters, gave his attention chiefly to the primary and registration features of the measures.

The bills were passed on a non-partisan basis, but in the debate on them it was charged that the Republican party would have an advantage at the outset from the provision that the party which polled the largest vote at the last election should have first place on the ballot.

Glendy B. Arnold, Democratic Chairman of the Election Board here, who then was still in office, objected to the blanket ballot measure for this reason, and he made other objections of a more serious character.

Arnold argued that the cross-marking arrangement would open the way for gross fraud. He said it would be easy for dishonest election officials to sign votes to a certain candidate by making cross-marks beside his name, and that this fraud could not be detected and proven, as could a fraud which involved the use of handwriting.

He urged that the system of scratchin and writing in names, as in the election law then in force, be preserved.

No one appears to have anticipated the thing which has made the chief trouble, namely that the voters, having become accustomed to the method of scratching names and writing in others, would continue to do so regardless of the instructions printed on the ballot.

In the forthcoming contest of William L. Igoe against Mayor Miller, it is expected that the Republicans, in defending the contest, will allege frauds such as those forecast by Arnold. The Republicans will charge that straight Republican ballots were changed by others than those who voted them into votes for Igoe. Such a charge is easy to make, and is difficult either to prove or to disprove, since one man's cross-mark looks much like another's.

The Democrats have stated that they will not allege fraud in the mayoralty contest, but will charge that ballots on which voters, by mistake, used the scratching system instead of making the prescribed cross-marks, were counted in a manner contrary to the voters' intention.

79 CONDEMNATION SUITS ARE PENDING

Involve 3805 Parcels of Property and Mostly Concern Bond Issue Projects

The annual report of W. C. Bernard, technical adviser of the condemnation division of the City Law Department, for the fiscal year ending April 13, 1925, shows 79 condemnation suits involving 3805 parcels of property, with an aggregate value of \$53,358,000 pending in the Circuit Court in which damages amounting to \$18,783,000 are claimed. These cases largely consist of projects to be undertaken under the \$47,000,000 bond issue.

In April, 1924, the report shows, there were 61 such suits, involving 2437 parcels of property, with an aggregate value of \$59,323,000, on which damages amounting to \$12,461,000 were claimed, and during the year 29 additional suits were filed, involving 1619 parcels, with a value of \$26,765,000, on which damages amounting to \$6,609,000 were claimed.

During the same period 21 suits, involving 251 parcels, were disposed of. These had a value of \$2,705,000, and damages amounting to \$287,318 were allowed.

During the aldermanic session of 1924-25 there were authorized projects on which 53 suits are yet to be filed, of which 25 are alleys and the remainder streets, cut-offs, parks, playgrounds, hospital sites and sewer rights of way.

About 51,000 assessments for benefits will be involved in the consummation of the St. Louis street widening program.

A bill to provide additional attorneys for this office to handle the voluminous work under the bond issue projects recently failed to pass the Board of Aldermen.

PARIS ART DEALER LENT PRINCE \$600,000 TO FINANCE SUIT

Yousouppoff Seeking to Enforce Repurchase of Two Rembrandts From Joseph E. Widener.

By the Associated Press.
NEW YORK, April 23.—C. S. Gulbenkian, head of the Royal Dutch Shell Oil Co., a British subject of Rumanian birth, and credited with owning the largest private art collection in Europe, advanced 120,000 pounds (\$600,000) to Prince Felix Yousouppoff to finance the Prince's suit against Joseph E. Widener of Philadelphia. It was revealed in the Supreme Court yesterday when a deposition made by Gulbenkian in Paris was read.

Prince Yousouppoff is suing Widener to enforce repurchase of two Rembrandt portraits which Widener obtained from him in August, 1921, on payment of 100,000 pounds.

Gulbenkian's deposition, taken in Paris, said he made the loan after his attorneys had advised him it was a proper step. It was not a business matter, he said, but merely to help the Prince, and at the time it was made there was no thought that he should obtain the Rembrandts, a lien on which is his only security.

Gulbenkian has frequently been referred to by the defense in the trial as "the sinister figure" behind Prince Yousouppoff, it being alleged that the Prince merely seeks to regain the pictures to resell them to the European oil magnate.

ARTICLES ABOUT ST. LOUIS IN TWO NATIONAL PUBLICATIONS

Work for Homeless Men and Shrine Hospital for Children

Two national publications dealing with social and health problems—the Survey and the Nation's Health—contain articles regarding St. Louis in current issues appearing yesterday.

An explanation of the co-ordination of work for homeless men in St. Louis under the Central Bureau for homeless men conducted by the Community Council is contained in the Survey.

The Nation's Health published an article about the Shrine Hospital for Crippled Children and another on "The Health of Colored Babies in St. Louis," which is a report prepared by Dr. Park J. White, chairman of the Health Committee of the Community Council.

GERMANS OUTBID AMERICANS

Obtain Most of Brazilian Rail Contracts Made With U. S. Money.

By the Associated Press.
RIO JANEIRO, April 23.—The \$15,000,000 lent recently by American bankers to the State of Sao Paulo for improvements on the State-owned Sorocabana Railway, is not returning to manufacturers in the United States, whose representatives here admit having lost most of the bids in competition with Europeans. Orders already placed in excess of \$4,000,000 include 59 German locomotives and only 29 American locomotives and also a big order for German building equipment for the railway shops, track equipment and passenger and freight cars.

Additional bids soon to be opened, covering the expenditure of the balance of the new funds, it is predicted, will go to Germany as the United States appears to be unable to compete with the astonishing undercutting. The German quotations on locomotives were 40 per cent of the American quotations.

Sensitive teeth are a warning

BE CAREFUL. When sweet or cold foods cause a sharp pang in your teeth, it is a sign that Acid Decay has begun.

Use every means to prevent decay and infection, especially at The Danger Line. For it is at The Danger Line, in the tiny V-shaped crevices where gums meet teeth, that food particles lodge and ferment. Decay gradually begins which sooner or later destroys the tooth structure. The gums frequently become irritated and sore.

Squibb's Dental Cream, made with Squibb's Milk of Magnesia, safely neutralizes the acids which attack the teeth and gums at The Danger Line. It strengthens the gums and keeps the teeth clean, attractive and healthy.

Use Squibb's Dental Cream regularly . . . morning and night . . . to prevent Acid Decay and allay sensitiveness.

Buy Squibb's Dental Cream, made with Squibb's Milk of Magnesia—today.

Chinese Gets U. S. by Radio.
SHANGHAI, April 23.—Amateur
radio stations today for the first
time picked up America when L.

Syberg of Shanghai communicated
with Station 1AA, Auburndale,
Mass. He also heard NITX and
California stations. Syberg is ex-

perimenting with a short wave
transmitter in an effort to estab-
lish two-way communication with
American stations.

**DEPEW, AT 91 FINDS
WORLD A GREAT PLACE**

Only Regret Is Passing of
Horse and Buggy in Which
"Sparkling Was Sparkling."

By Leased Wire From the New
York Bureau of the Post-Dispatch.
NEW YORK, April 23.—The
"young fellow" adjusted the light
blue tie that bulged a bit from his
well cut frock coat and leaned back
as if calling on his 91 years of ex-
perience for a bit of advice.

"By hickory," he suddenly ejacu-
lated, "there's no doubt about it! The
world is growing better and these
calamity howlers and prophets of
evil don't amount to a darn."

The "young fellow" is Chauncey
M. Depew, who is still minding his
chores as chairman of the board of
directors of the New York Central
Lines, although today is his ninety-
first birthday. Yesterday, in his
office in the Grand Central Ter-
minal, he received reporters, as is
his annual custom, to answer their
questions as to his latest adventures
in pursuit of youth.

"Emotionalism—that's all these
things like flappers, bobbed-hair
and bootleggers amount to," he ex-
plained. "Just emotional indications
of passing unrest that points
to higher and sadder things. It's
the same way throughout the world.
Emotional unrest—but the common
sense of the world has no trouble in
taking care of it. The future—
why, nothing could be brighter. You
come back here nine years from
now when I'm 100 years old, and
see if I haven't been right!"

His Personal Worries.
There are two things that are
worrying Mr. Depew—both per-
sonal. One is that his wife won't
let him go to the annual Gridiron
Dinner in Washington tonight. The
other worry is about a foot race
with a certain New York reporter.

"You come back in nine years
and then I won't have to spot you
so much," he chuckled. "It'd be a
shame—what I could do to you
now."

The most optimistic man in the
world—as he is known—wasn't a
bit worried about political matters
—city or national.
"What do I think about politi-
cians?" he repeated a question. "I
don't think anything about it. Why
should I? There aren't any politi-
cal problems today worth thinking
about."

As for Mayor Hylan's regime:
"Well, I suppose it's about what
the people wanted. You know
Barnum used to insist the public
likes to be humbugged, and if it
wants to humbug itself, why kick it?"
The Ky Kux Klan—well, Mr.
Depew had never been asked to
join it, he explained, so didn't know
much about it.

Predicts Steady Progress.
"Just what is it all about?" he
asked. "Looks to me like it will
take more than a thing like that to
upset the balance of the American
people. We are going right along
the same way we have since the
first colonies came to this country
and we'll make steady progress
based on mutual tolerance, sanity
and reason."

A suggestion for expression as to
President Coolidge caused Depew
to recall some of the 15 Presidents
he has known and Woodrow Wil-
son came in for praise.

"President Coolidge," he said,
"is a cool, hard-headed Yankee of
very great ability. He is not cold-
blooded. He has a hard job and
is doing well. The country is safe
in his hands—and it will appreciate
him more as time goes on."

Depew found the present day
considerably better than the past
except in one respect—the passing
of what he called "that splendid
old matrimonial agency, the horse
and buggy."

When Sparkling Was Sparkling.
"Sparkling was sparkling in a
horse and buggy," he said. "I re-
member 40 years ago!"

Someone reminded him that if
it was that long ago he was only
11 when he started buggy spooning.

On May 2 the Montauk Club will
give its annual dinner for Depew.
Today a dozen or so friends will
celebrate with him at his home.

Next year, he explained, the pro-
gram will be the same.
He used to smoke 30 cigars a
day, he said, drink a pint of cham-
pagne daily and eat heartily of red
meat, but has broken all of these
habits. Ten minutes spent on
"daily arsenic" constitutes his only
exercise. He never played golf,
tennis or baseball in his life.

**TC-6 INSTEAD OF TC-3 TO
BE AT THE BALLOON RACES**
National Elimination Contest to Be
Held at St. Joseph, Mo.,
May 1.
ST. JOSEPH, Mo., April 23.—
The United States Army dirigible
TC-6 will be seen in St. Joseph May
1, the day of the National elimi-
nation balloon race, instead of the
TC-3, as originally planned. It was
announced today. Both ships are
at Scott Field, Belleville, Ill., but
word from the field is that the TC-3
was slightly damaged in a runaway
flight last week.

The TC-6 will come by way of
Omaha, where it will be boarded
by Major-General George T. Dun-
can, commanding the Seventh
Army Corps Area, who will be a
passenger to St. Joseph. Major-
General Mason M. Patrick, chief
of the Army Air Service, also will
come to St. Joseph from Washing-
ton for the race by air.

EXPLORER CONDEMNS NILE EXCAVATORS

Says Some "Have Behaved Badly" and Defends Egyptian Government.

EVANSTON, Ill., April 23.—A spirited rebuke to American and British Egyptologists who recently have charged the Egyptian government with misappropriation of funds and unscrupulous methods in the Nile excavation projects in the Nile country was delivered at Northwestern University by Prof. George A. Reisner, chief of the Harvard-Boston projects in Egypt.

Prof. Reisner, who has been engaged on various excavations in Egypt for 25 years, spoke last night at Northwestern University under the auspices of the Norman Waite Paris Foundation for Historical Research.

During his lecture he told of the removal of several of the most important of the statues from the Gizeh excavations to the Boston Museum of Fine Arts. In reply to a question from the audience as to the obstacles placed in his path by the Egyptian Government, Dr. Reisner asserted that in his opinion the intentions of the Egyptians had been grossly misinterpreted to the United States and England.

"A great deal of the misconception in America and England," he said, "has grown out of the fact that some of those who have made very important discoveries recently have behaved very badly."

Prof. Reisner did not mention the name of any whom he believed has misbehaved, but his audience clearly interpreted his remarks to have been aimed at the Luxor project of the late Lord Carnarvon, Howard Carter and Prof. James H. Breasted of the University of Chicago, which ran askew of political difficulties last year.

"I am satisfied beyond all doubt that the recent regulations of the Egyptian Government were in no wise designed to handicap historical research in the tombs of the dead, and I am delighted to have this opportunity to pay a deserved tribute to the honesty, integrity and beneficial intention of the Egyptian Government. In 25 years' intimate contact with the Egyptian Department of Antiquity I have seen no evidence of any intention of the Government to retard the work of foreign excavators."

SUES 7 PERSONS FOR \$10,000 FOR ABDUCTION OF CHILD

Mrs. Nettie C. Beamish Sues Boy, 9, Was Taken, Afterward, While He Was Visiting Her.

Suit for \$10,000 damages, alleging the abduction of Gerald L. Lowrie, 9 years old, was filed in Circuit Court for the boy yesterday by his mother, Mrs. Nettie C. Beamish, against seven defendants. The defendants are: Dr. and Mrs. Benjamin D. Knox, 3931 Castleman avenue; F. M. Eggers, same address; Fred C. Delporte, 2245 South Grand boulevard; Republican City Committee from the Fifteenth Ward; Wallace and May Lowrie of St. Joseph, grandparents of the child; and John Buchanan, whose address is given as 4202 Delmar boulevard.

On Sept. 2 last, the suit alleges, the defendants conspired to abduct the boy from his mother and remove him from the city. Buchanan, Eggers and Delporte seized him; it is charged, kept him at the Knox home for several days and then turned him over to the Lowries at St. Joseph. At present, it is stated, Gerald is in the Juvenile Home at St. Joseph.

L. M. Hall, attorney for the plaintiff, said today that the boy was placed in the custody of his grandparents upon his mother's remarriage several years ago after a divorce, but that while he was visiting her here last fall he was abducted and taken back to St. Joseph, the alleged abduction occurring after the mother had filed a petition asking that his custody be awarded to her. The petition was granted a month later.

Delporte, the only defendant who could be reached, said he knew nothing about the case except that he had taken Eggers to the Soudard street Police Station at Eggers' request.

BENEFIT CARD PARTY TONIGHT IS CHANGED TO A DANCE

A card party, at which prizes were to have been given, which was to be held tonight as a benefit for the Women's Auxiliary of Typographical Union No. 8, has been changed to a special entertainment and dance because of the recent police ruling prohibiting public card games at which prizes are distributed.

Mrs. Mary E. Mason of 2523 Nina place, secretary of the organization, said Chief of Police Geck informed her that the card party which was planned would be a violation of the law, as construed by police. The entertainment will be given at World War Veterans' Hall, Grand and West Pine boulevards.

HOTEL CHASE WANTS POLICE PROTECTION SATURDAY NIGHTS

A request that policemen be stationed at Hotel Chase each Saturday night as a protection against

robbers was made to the police yesterday by officials of the hotel in reporting what they believe to have been an attempt to rob the auditor's office early last Sunday. The vigilance of William Matthews,

head porter, frustrated the robbery, but he was badly beaten in doing so.

Matthews saw eight or nine men walking in the corridors on the second floor of the building, and

when he attempted to question them they attacked him and then ran down the stairs, jumped into two waiting automobiles and escaped. Employees of the hotel, who

went to Matthews' assistance, reported that they saw a revolver under the coat of one of the men.

The auditor's office is on a mezzanine floor and it is believed the

men were attempting to find it when they were halted by Matthews.

Smart-looking business floors installed without delay

THIS week at local furniture and department stores you will see on display many new floor patterns in Armstrong's Linoleum which are specially suitable for office, shop, schoolroom, or library floors—wherever the public walks.

It takes but a moment to select the proper floor for your needs—a natural marble tile with solid border for the smart shop; a plain block pattern or soft, rippling jaspé for the office or library; an inset tile or plain linoleum for the hospital, church, or schoolroom floor. There are any number of patterns.

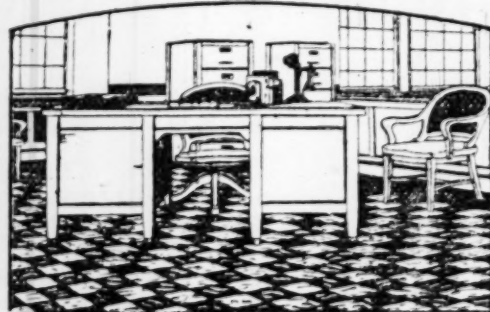

At any good store a floor of Armstrong's Linoleum can be selected—early and quickly. It can be permanently installed with very little interruption to business.

Installed quickly without muss

Merchants who show you the many beautiful designs in Armstrong's Linoleum are equipped to install your new floor quickly—and permanently.

No noise. No upset. No dust and dirt. Expert layers cement your linoleum floor in place so quickly there is practically no interruption of business (the floor can be laid at night, if necessary). The finished floor is permanent, smooth, and tight. It will not stretch or crack.

Cut cleaning costs, too

An Armstrong's Linoleum Floor puts an end to old cleaning methods and high cleaning costs. Once laid, all it needs is an occasional waxing and polishing. Dust and dirt brush right up from its smooth surface. Feet cannot scuff and mar the patterns. It does not spot, stain, or splinter. And it never needs refinishing, for the colors go through to the tough burlap back.

Your architect, contractor, or any good linoleum merchant will gladly give you information on the low first cost of Armstrong's Linoleum Floors and their low upkeep cost.

ORDER RESTORED IN SOFIA BY REIGN OF TERROR

Uncensored Dispatch, However, Says Peasant Revolt Is Spreading Throughout Bulgaria—Many Soldiers Killed.

PRIVATE BANDS WREAK VENGEANCE

More Than 100 Army Officers Arrested on Suspicion of Plotting Against Government.

By the Associated Press.
SOFIA, April 23.—The revolutionist, Tehountouloff, one of the principal terrorists under Ninkoff, the alleged communist leader in the recent Cathedral bomb outrage, who was shot and killed by the police Monday, met death today in much the same manner as his chief. Discovered by the police, he refused to surrender, they declare, and was shot down.

Special Cable to the Post-Dispatch and New York World.
Copyright 1925, by the Press and Publishing Company, Inc., the New York World and the Post-Dispatch.

BELGRADE, April 23.—Uncensored dispatches from Sofia reaching the New York World and Post-Dispatch correspondent here say that order has been restored in the Bulgarian capital by an orgy of terror, but that the peasant insurrection is spreading throughout the country.

On the Jugo-Slav frontier, the peasants have been fighting government troops. Several hundred soldiers were killed and numerous casualties are reported among revolutionists.

Premier Tsankoff, in an interview in Sofia, declared that 10,000 volunteer troops are massed in various parts of Bulgaria to stamp out the revolt. Tsankoff accuses Russian communists of instigating the revolt and the Cathedral bombing of last week. Government officials accuse Russia of endeavoring to bring about a conflict between Jugo-Slavia and Bulgaria so she can foment bolshevism in the Balkans.

But the indiscriminate charges of Russian participation in the revolt veil peasant dissatisfaction with the Sofia Government.

Britons From Sofia Convinced Hundreds Were Killed.

By the Associated Press.
BELGRADE, Jugo-Slavia, April 23.—Three members of the British Parliament who have arrived from Sofia, Bulgaria, asserted that they are convinced several hundred persons were killed without trial and on the merest presumption after the recent bomb explosion in the Cathedral in Sofia.

Those who arrived were Josiah C. Wedgwood, W. Mackinder, Launceston, and P. D. Malone, Unionist. They were in Sofia at the time of the bomb outrage and during subsequent events.

"From the quantity of information we gathered," they said, "we are convinced that several hundred persons arrested were killed without trial and on the merest presumption."

"We employed all the influence at our disposal to induce the Government to prevent the militarists from massacring men and women apprehended in the course of the recent police operations. Thousands of persons suspected of Communist tendencies or of belonging to the Left Socialist party were held in custody."

"On Monday after the explosion we saw 40 arrests within five minutes. And this continued four days after the police began their search."

"Although it was difficult to obtain figures, it is said the arrests number 600."

"Public opinion outside Bulgaria ought to be brought to bear in the interest of justice that the persons detained be fairly tried, so that innocent persons will not be punished on mere presumption, for it is evident that 600 or more could not have been implicated in the outrage of the 16th of April."

Sofia Dispatch Says Only "Few Dozen" Were Killed.

By the Associated Press.
SOFIA, April 23.—Regarding the rumors that thousands of persons have been killed or arrested since the bomb explosion in the Sveti Kral Cathedral, it is learned from what is considered trustworthy authority that these are grossly exaggerated. Although detailed information is lacking, the number killed, it is asserted, does not amount to more than a few dozen. There have been 1500 arrests, but many of those taken by the authorities have already been released.

Dynamite and Fuse Stolen.

Seventeen sticks of dynamite, 17 percussion caps and a line of fuse were stolen from a shed at 4824 South Broadway last night. The explosives belonged to William Allen, 4824 South Broadway, an excavating contractor. Those who stole the dynamite tried to get a stick before taking their loot away, waking neighbors and blowing a hole in a sand hill.

2,000,000 BUSHELS OF CORN AND OATS DESTROYED IN FIRE

Two Elevators Burned, Industrial Section Threatened, in Chicago Blaze.

By the Associated Press.
CHICAGO, April 22.—More than 2,000,000 bushels of corn and oats, belonging to the Grain Marketing Corporation, were destroyed in a fire which started shortly before midnight, burning two wooden elevators and threatening an industrial section on the South Side before it was subdued early today. The loss was estimated at \$2,250,000 by Emmanuel F. Rosenbaum, president of the Grain Marketing Corporation, through which the elevators were leased to the farmers' co-operative organization. Destruction of the grain he estimated at \$1,500,000 and of the structures, among the oldest wooden elevators here, at \$750,000. The losses were adequately covered by insurance, he said.

Blazing grain, pouring into the south branch of the Chicago River, clogged the stream and threatened shipping, forcing withdrawal of two fire tugs. Police reserves were called to control several thousand spectators endangered by falling walls. Search was started after the fire, for an aged watchman and his wife, believed to have been quartered in one of the buildings. Police and firemen could not learn whether they were asleep in the structure when the fire was discovered or had been sheltered by neighbors.

A. T. & T. CO. TO TRANSMIT ANY PHOTOGRAPH AS MESSAGE

Officials Expect That Photostatic Copies of Signed Wills and Checks Will Form Part of New Business.

By the Associated Press.
CHICAGO, April 22.—Anything that can be photographed from finger prints of criminals to elaborate interior decoration, has been accepted as a "message" by the American Telephone and Telegraph Co., which has transmitted pictures of many varieties by wire. The most delicate detail, according to company officials, has been transmitted as distinctly as words.

ADOPL J. HOERR, COUNTY CLERK DIES IN HOSPITAL

Had Suffered From Pernicious Anemia for More Than Two Years.

Adolph J. Hoerr, County Clerk of St. Clair County, died at 7:30 p. m. yesterday at his home on Carle avenue in Belleville. For more than two years he had suffered from pernicious anemia, and for the last six weeks was confined to his home.

MRS. HOWARD ELLIOTT, FORMERLY OF ST. LOUIS, DIES

Wife of Northern Pacific Chairman Was Miss Janet Janney.

BALTIMORE, April 22.—Mrs. Howard Elliott, wife of the chairman of the board of the Northern Pacific Railroad, died last night of pneumonia at the Belvedere Hotel here. She and Elliott had been at the hotel for a short stay on their way to New York. Mrs. Elliott was taken ill on the train and it was thought best to break the journey by a stop at Baltimore. The body will be taken to New York and funeral services will be held at St. Bartholomew's Protestant Episcopal Church next Monday. It was announced.

WHISKY FOUND BURIED UNDERNEATH LUNCH ROOM

Two 55-gallon barrels, one of which contained about 10 gallons of whisky, were found buried five feet beneath the floor of a bakery and luncheon room at 1405 Chouteau avenue today by police who raided the place on an anonymous tip that liquor was being sold there. A large suction pump, with hose attached, which police believe was used in siphoning the liquor from the barrel, was found hidden beneath a bench in a rear room. A hole in the floor above the barrels led to the discovery. Two men in charge of the place, who described themselves as Pat Cotronei, 27 years old, and Frank Sifflin, 26, were arrested. The raid was made without a search warrant.

DEPOSITIONS TAKEN IN SUIT OF MRS. RIDDLE

Seeks to Establish Dower Claim
in \$118,000 Estate of
Late Husband.

Depositions taken in the case of Mrs. Georgette Riddle, in connection with her suit to establish a dower claim to half of the \$118,000 estate of her late husband, Frank C. Riddle, who died March 5, were filed in Probate Court today.

Under the terms of the will of Riddle, who was president of the Riddle & Bro. Casket Co., his wife, from whom he had been separated for 20 years, was to continue to receive an allowance of \$125 a month in accordance with a separation agreement entered into by the two in 1905. The remainder of the estate was left in trust for Miss Lillian Neal, vice president of the casket concern, and Miss Marian Riddle, of Hollywood, Cal., his niece.

The depositions were those of Nathan Frank, attorney who represented Mrs. Riddle at the time of the separation, and Mrs. Edward Hodgins of Chicago, sister of Mrs. Riddle. The testimony of both was to the effect that Riddle had falsely represented his financial affairs and had induced his wife to sign the agreement upon the claim that he was in straitened circumstances and was facing bankruptcy of his firm.

MISSING BOSTON SALESMAN BEING SOUGHT IN ST. LOUIS

John F. Gilbert, 35, Believed to Have Suffered Lapse of Memory.

John F. Gilbert, 35 years old, a stationery salesman, who disappeared with visiting the trade near Boston, Mass., his home, several months ago, is being sought in St. Louis by policewomen at the request of friends of the family. Letters to police here said Gilbert's 7-year-old daughter is ill in a hospital and continually calls for her father.

Gilbert at one time had been in St. Louis and often talked of returning here, it was said. He is thought to have suffered a lapse of memory. He is described as partly bald and wearing horn-rimmed glasses.

Simon F. Conroy, who was a policeman here in 1915 and later a Sergeant in the army in Honolulu, is being sought here by policewomen at the request of Harry L. Joint of Dunbar, W. Va., who says he wants to get in communication with Conroy on important business. James Neuman, who in 1922 lived in the 3800 block on Locust avenue, is being sought at the request of relatives at Zerbe, Pa.

LEGATION ATTACHE ARRESTED

Bolivian, However, Freed on Diplomatic Immunity Plea.

By the Associated Press.

WASHINGTON, April 23.—An egg sandwich, a revolving door, and side trips to the police station and to a hospital, followed by an allowed claim of diplomatic immunity, figured in the overnight experience here of Senor Don Jorge Bracond Joffre, an attaché of the Bolivian Legation.

The police say that members of Don Jorge's party were passing around a suspicious looking bottle in a restaurant, and that the hostility even was offered to a complaining patrolman. It was insisted also, according to the police report, that the policeman eat an egg sandwich and the insistence became so vigorous that Don Jorge was arrested. In leaving the place a glass section of a revolving door was broken, inflicting severe cuts on the officer, who was removed to a hospital. At the police station a plea of diplomatic immunity was raised and the prisoner was released. A report was prepared for the State Department.

WOODEN LEG SAVES FLYER

French Aviator Breaks His Third One in Air Crashes.

BORDEAUX, April 15.—A poignant story of the heroism of an air mechanic named Vandelle was told by Capt. Pelletier, D'Olvy, the hero of five flights to Tokio, who, with other members of the French air mission to Lake Chad, landed at Bordeaux on his return the other day. The flight was abandoned when one of the two air planes crashed in the desert with Col. Vuillemin and Capt. Dagneaux.

Capt. D'Olvy's plane was flying above the other when the crash occurred. When he landed, Vandelle said to him, "Never mind me; help the others." Half an hour later Vandelle was dead but the others ultimately recovered from their injuries. Capt. Dagneaux owes his life to his wooden leg which first bit the ground and broke. This was the third wooden leg Capt. Dagneaux had broken in air crashes.

LAST U. S. Relief Body Quits Russia

Simple Home Treatment for Swollen Veins

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that anyone in this world can give is to get a prescription that many physicians are now prescribing.

Ask Wolff-Wilson Drug Co., Keiffer Drug Co., Johnson Bros. Drug Co., for an original two-ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful yet harmless germicide and results are guaranteed.

**WOMEN SHOULD BROADEN
INTERESTS, SAYS GOV. ROSS**
Home, However, Remains Most
Satisfying Career, She As-
serts in Speech.

By the Associated Press.

CHICAGO, April 23.—It is a mistake for women to limit their interests to welfare work and reforms supposed directly to benefit children and women. Gov. Nellie Tayloe Ross of Wyoming today told a "famous women's breakfast" at the Woman's World's Fair.

"Freeding over a home remains the noblest and most satisfying career for women," said Mrs. Ross. "but the woman is more successful in the home who has varied interests. With varied interests she makes more pride to her husband and more joy to her children. Moreover, if woman is to be a real factor in public affairs she should try to broaden her interests to embrace all humanity. There are many issues outside the limits of what is called welfare, which react upon women and children indirectly."

New privileges have brought responsibility with them, an appalling responsibility. Let it not be said that an afflicted her present privilege after years of struggle only to cast them away.

"I think it may not be too much to expect that it will yet be women who will prove the impelling power in the adoption of some plan that will guide the nations of the earth into paths of permanent peace."

BIGAMY UNDETECTED 2 YEARS

Man Is Convicted for Marriage to Girl, 17, He Kept Secret.

By Associated Press

NEW YORK, April 22.—Morris Seldow, who was secretly married to 17-year-old Mary Woodson of Washington, for two years before the girl was discovered living with him in Brooklyn yesterday was found guilty of bigamy by a jury in the Court of General Sessions. The jury deliberated only 10 minutes.

Because of Seldow's actions in court during the trial, Judge Collins ordered him sent to Bellevue Hospital for observation. Under the Federal law Seldow being an alien, may be deported if he is found sane. For the bigamy charge he can be sent to State prison for more than five years. Miss Augusta Radenback, a former wife, was the principal witness against Seldow.

NEW TRUNK LINE PROPOSED

Head of Delaware & Hudson Suggests Counter Plan to L. C. C.

By the Associated Press

NEW YORK, April 23.—Tennessee plans to build a trunk line railroad in the East to be built around the Delaware & Hudson, have been outbitten by L. F. Lorie, president of the company, to the Interstate Commerce Commission, it was learned today.

As a counter proposal to the regrouping plans originally drafted by the "Big Four," Lorie suggests that a supplementary system be built to the Delaware & Hudson, which would include the high valley, Lackawanna, Henry Ford's railroad, the Detroit, Toledo & Ann Arbor, Washash, Bessemer & Lake Erie, Buffalo, Rochester & Pittsburgh, Western Maryland and Virginia, which has just agreed into a lease arrangement with the

GIRL OF 15 SHIPS
3 TIMES AS STOWAWAY
Philadelphia Stepfather Resents Her Selection of Mate and Leads Her to Police.
Special to the Post-Dispatch.
PHILADELPHIA.—A 15-year-old Italian girl, who had been missing from her home in South Philadelphia for 16 months, returned recently with a seagoing son of Erin in tow.
"My new sweetheart," quoth she blithely to her stepfather, Louis Arelanno, 1629 South Thirtieth street.
"Outside!" roared the stepparent to the swim from the Emerald Isle. "Come!" to the girl, "the police are looking for you."
At the House of Detention, where Josephine was taken, she related a remarkable tale of shipping as a stowaway at the foot of Snyder avenue, taking refuge in a burlap sack. At Panama she was discovered and put off. Not a whit daunted, she immediately hid on another boat, and in sunny Hawaii was again found by an unromantic mate and left on the dock.
But Josephine was of natural sea-going stock. She secretly embarked on another vessel, this time bound for South America, and when once more found sought the help of passengers and was given passage money home.

NO WARRANTS TO BE ISSUED FOR SOCIAL CARD GAMES
Siderer Says Police Should Have Plenty to Do Suppressing Major Crime.
The police may raid and arrest participants in church and fraternal lotto, bridge and euchre games but there will be no warrants issued from the Circuit Attorney's office, Circuit Attorney Siderer announced today.
"There should be plenty for the police to do in suppressing major crime," declared Siderer. "As far as this office is concerned it is not going to worry about a few women getting together to play for a piece of taffy or a piece of aluminum. We will co-operate with the police in suppressing professional gambling, such as bookmaking. I have heard there was \$1,000,000 bet on the recent election. If the police know who made the books, let them bring in the evidence, and we will issue the warrants."
Siderer related that a day or so ago there was issued a warrant against the operator of a wheel of fortune at a carnival. This, he said, was a gambling device per se, and as such the operator was subject to prosecution.

DR. J. FRANKLIN WELCH, 69, DIES OF HEART DISEASE
Succumbs at Salisbury (Mo.) Home; Had Been Medical Association Treasurer 27 Years.
Dr. J. Franklin Welch, who has been treasurer of the Missouri State Medical Association for 27 years, died at Salisbury, Mo., his home, today, from septicaemia caused by chronic heart disease. He was 69 years old.
Dr. Welch, who was graduated in 1880 from the old Missouri Medical School in St. Louis (now Washington University), was one of the most prominent physicians in Central Missouri. He was president of the Missouri State Medical Association in 1916.

POISON VERDICT IN INQUEST
Finding Announced in Case of Miss Oberholtzer.
By the Associated Press.
INDIANAPOLIS, Ind., April 23.—Miss Madge Oberholtzer, 28, of this city died from the effects of self-administered poison, according to a verdict returned today by Dr. Paul F. Robinson, County Coroner. Before her death on April 14, Miss Oberholtzer admitted to her parents that she had taken poison at a Hammond, Ind., hotel after an alleged attack by D. C. Stephenson, former grand dragon of the Ku Klux Klan. Stephenson and two of his companions are under indictment on charges of first degree murder based on their alleged failure to provide medical attention for the young woman immediately after she had taken the poison.
Miss Oberholtzer, according to her story, as related by her father, George E. Oberholtzer, and Dr. John Kingsbury, a physician, was refused medical attention by Stephenson and was brought from Hammond to Indianapolis and held prisoner in Stephenson's garage here for several days before she finally was taken to her home. Stephenson is held in the jail with Earl Klink and Earl Gentry, his two companions, pending a hearing next Monday on a petition that they be admitted to bail.

BANK ROBBERY INSURANCE UP
Rates for Smaller Depositories Are Doubled by Companies.
Robbery insurance for Missouri and Illinois banks in which less than 25 persons are employed has been increased from \$2 to \$4 a thousand, it was learned today. For banks having more than 25 employees, which would include most St. Louis banks, the rates remain at \$2.
The increase in bank robberies within the last year made necessary this increase, insurance agents said today. The increased rates for new business went into effect April 15, and will go into effect on renewals July 1. The increase also affects several other states in the Middle West.

Who buys the ROLLIN car?

A VERY distinct class of people buy the Rollin car. They are people who know and appreciate the subtle distinction of refinement—who measure motor-car value, not by wheelbase and cylinders, but by service, convenience and appointments.

They are people of taste who demand the best, whether hats, shoes or motor-cars.

No other car is like the Rollin. It combines the luxury and comfort of the big car with the economy and convenience of the small car. It is a car for present-day traffic conditions.

The motor is new in design, smooth, powerful, sensitive.

AGRICULTURE IN U. S. DECAYING, SAYS LOWDEN

Former Illinois Governor
Tells Publishers That Optimistic Reports on Conditions Are Misleading.

By the Associated Press.
NEW YORK, April 23.—A disastrous increase in the cost of living was predicted here by Frank O. Lowden, former Governor of Illinois, when he spoke to the farmers in organizing for the co-operative marketing of their products.

Lowden, speaking last night at the annual dinner of the bureau of advertising of the American Newspaper Publishers Association, said that American agriculture was decaying, that farm bankruptcies had increased 600 per cent in recent years and that farms are being abandoned in increasing numbers all over the country.

Optimistic reports and the juggling of index numbers to indicate improvement in farmers' finances are misleading, Lowden asserted, and tend only to put off the day when adequate remedies will be found.

Co-operative Marketing.
The solution, he asserted, is a national organization whereby the farmer can sell his products in organized markets on terms of full equality in knowledge and power. Under present conditions the farmer's organization shall meet in a congress once a year, just as other industries now meet, for the purpose of forming an intelligent and co-operative program for the year.

"I like to think of the time when everything I produce upon my farm I can deliver to my own association in full confidence, that as much intelligence and as large a bargaining power shall be exhibited by those representing me as are already exhibited now on the part of the buyer. I like to think of the time when the representatives of all these great farmers' organizations shall meet in a congress once a year, just as other industries now meet, for the purpose of forming an intelligent and co-operative program for the year," he said.

The only opposition to such a program, he asserted, comes from those who profit through the misfortunes of the farmer.

"Competition no longer plays the great part in fixing prices that was once thought," he continued. "Unrestricted competition is but a form of warfare. Whether among the nations of the world for larger armaments or among the producers of useful commodities, it has been found to entail losses to society far beyond the benefits it has conferred."

Marketing conditions today, he said, have brought about a situation where a scanty crop frequently is worth more to the farmer than a bumper one. As an example, he cited the corn crop of last year whose value was estimated by the Department of Agriculture at almost \$200,000,000 more than the crop of 1933, although it was about 20 per cent smaller.

"When the hot summer winds scorch the fields, I do not know whether to pray for rain or to thank the Almighty for the unbroken drought," he said.

A definite move to simplify and speed up negotiations with labor unions was approved by the Publishers' Association.

The delegates voted a change in procedure in this regard recommended by President S. E. Thompson, which took the negotiation of labor contracts out of the hands of the convention as a whole and placed it in the hands of the board of directors.

Actual ratification of such contracts remains, as before, with the association membership.

President Thompson pointed out that heretofore, with conventions held annually, contract-negotiating groups waited a year before they secured instruction or approval in the various stages of their work.

Under the new enactment, such groups will get action in one-sixth the time; the boards of directors to whom they are now made answerable holding meetings every two months.

Effect of News Broadcasting.
The Radio Committee of the association stressed the importance of printing radio broadcasting programs in newspapers. This was distinctly new, it said, because radio fans as a class were more nearly identical with newspaper readers than any other group.

Of about 500 broadcasting stations throughout the country, according to the committee, 31 were owned by newspapers—24 less than a year ago.

However, 34 others newspapers had broadcasting affiliations of some sort.

Broadcasting of news events was continued as more apt to help than hinder newspaper circulation. Every radio listener was made more certain a reader of newspapers, at least in regard to the given incident, the report quoted from one theory to which it itself appeared to lean.

Broadcast advertising had reached such proportions that one Chicago station was charging \$120 an hour for broadcasting programs presented by advertisers, and \$150 an hour for the same service extended over a chain of seven stations. The committee offered no remedy for this new competition

with advertising columns, but felt "the situation will take care of itself."

Radio fans are beginning to resent the dissemination of the lower

forms of radio advertising matter through the ether lanes," said the report.

The Postal Committee reported that a fund of \$35,714.45 had been

raised among association members to continue the fight against in-

Karolyi's Suppression

Took Over Hungarian

When King Fa

Tells of Trip to Vienna

Charles and of His Dec

Assume Power.

The Post-Dispatch prints today

the ninth of a series of arti-

cles written by Count Karolyi

of Hungary, telling the story he

could not reveal in speeches in this

country because of a pledge exact-

ed from him by the State Depart-

ment in Washington before the

Hungarian exile was permitted to

visit the United States. The pub-

lication is already familiar with this

"gossip" of Karolyi. Now that he

has left the country, he has written

the Post-Dispatch the things he

wanted to say to the American

people.

COUNT MICHAEL KAROLYI,

the events leading to the revolu-

tion in Hungary, came with

breathless speed. They bore

him into brief power and the Em-

peror's exile.

When old Francis Joseph died

he was succeeded by Emperor

Charles, a young man scarcely 30.

At that time, the general feeling in

the Central Powers had calmed

down to the degree that the peo-

ple dared to whisper that we

might lose the war. Charles took

the bold step of advocating peace.

He turned out Count Tisza, the

Hungarian Premier, who was

known to be the greatest advocate

of holding on till the final vic-

tory. He named Count Csernay as

Minister of Foreign Affairs and

the amazement and bewilder-

ment of the ruling classes, he want-

ed me to join a coalition cabinet.

I can still see him as he looked

when I entered the little room

where I had my first audience. It

was in Baden by Vienna. The King

was dressed in a sort of simple

dark uniform and had on the gold

leaves which was his only decora-

tion. He was very friendly and

cordial, but with his characteris-

tic hesitancy seemed unable to

start the conversation, so I began.

He was a had listener, absent-

minded, following only his own

ideas which were formed in ad-

vance, then jumping from one sub-

ject to another.

Never said "No" in Life.

I don't think he ever said no in

his life, and even if he was no

put it in such an extremely po-

lite manner that one might easily

thought he was on your side.

He was a gossiping, malicious

man, and his remarks were

often of a personal nature.

When I spoke of the German

war he got excited and said:

"What thing can be sure of, I

am not dragged about by him."

Count Csernay, who was Minis-

ter of Foreign Affairs after Berch-

thold, was an idiot. Still

the end of the war he picked

me as Minister of Foreign Affairs.

TELLS HOW TECHNICAL
SCHOOL HELPS SOUTHPresident Walker of Mississippi
A. and M. College Speaks
at Luncheon.

The function of a technical school in the development of a section was described by Dr. B. M. Walker, president of the Mississippi Agricultural and Mechanical College, at yesterday's luncheon of the Chamber of Commerce.

Dr. Walker, who is one of the first persons admitted to the Mathematical Hall of Fame in the 275 years since Descartes was in St. Louis to attend a conference on the arrangements of \$2,500,000 recently appropriated for agricultural experiment stations.

"The chief aim of the school is to train research," he said, "although the research point of view must pervade the whole school, for the training of a man is the pressing need of the day. Neither is it a trade school. In the highest form, it is a school to train leaders—men capable of a large contribution to life and participation in life. One of these, we believe, is worth more than a dozen with only a capacity to follow."

Dr. Walker had spoken of the "intellectual aristocracy" of ancient Greece and the contribution of its ideals of pleasure and beauty to civilization. Enumerating the specific heritages from other nations, he said:

"It was left for America to avert war by establishing processes of international arbitration and perfecting the friendly bonds of commerce. Good citizenship must be the aim of the American college, but decay set in in the code of the foundation on which our society was built, and the vaunted structure of civilization toppled and fell."

He said that the 18,285 graduates of the school had found their way into leading professions in the line of work not only in the State, but in distant parts of the world, as engineering and agricultural experts. "We have striven to give them a safe educational foundation," he remarked. "An active branch of the Y. M. C. A. properly supplies moral and religious atmosphere."

In the South there are 250,000 acres of farm land idle—enough to bear food products to feed the world, and cotton to clothe the world. Unlimited resources in oil, coal and lumber await the touch of the skilled, trained laborer, and in the direction of the trained engineer."

OTTO J. WILHELM DIES
UNEXPECTEDLY AT AGE OF 70

Former Architect for Board of Education Also Designed Many Residences Here.

Otto J. Wilhelm, designer of the Haddon School and many St. Louis residences, complained of weakness and difficulty in breathing at the dinner table last night. He died of heart trouble at 3 a. m. at his home, 3115 Grandview avenue.

Born in Gray's Summit, Mo., 70 years ago, he received his academic education in St. Louis public schools and Washington University, and completed his architectural training at the Karlsruhe Polytechnic in Germany and in France and Italy.

In 1882, he married Miss Emilie Riefel, daughter of C. A. Sufel. For the next three years he was architect for the Board of Education. In this period he designed several buildings for the city school system, later turning chiefly to residences. He was architect of the Catalpa and Muegge's natoriums, and member of commissions which chose the Schiller monument in Forest Park and the Missouri State monument on the Vicksburg battlefield.

Funeral services will be held at 11 a. m. Saturday from the residence to Missouri Crematory, of which he was secretary-treasurer. He was also vice-president of the St. Louis Mutual Life Insurance Co. He is survived by his widow and the children—Mrs. T. C. Hemmelmann, Mrs. Richard Gliddehaus of Dallas, Tex.; Miss Paula Wilhelm, Carl Wilhelm and Dr. Otto Wilhelm.

Lady Cavendish and Sister Die.
LONDON, April 23.—Lady Frederick Cavendish, 84 years old, widow of Lord Frederick Cavendish, died last night at her home in London. Death occurred two hours after that of her sister, the Hon. Mrs. Talbot, at Edenbridge, near Tunbridge. Lord Frederick Cavendish, husband of Lady Cavendish, was assassinated in Phoenix Park, Dublin, in May, 1882. At the time he was chief secretary for Ireland.

A Trip Around the World. Feature of Carnival at Y. W. C. A. Building.

Booths arranged to represent different countries were a feature of a carnival, "A Trip Around the World," given by the World's Fellowship Committee of the Young Women's Christian Association at the Y. W. C. A. Building, Fourth and Locust streets.

Songs, speeches and dances were other features.

Service in Honor of Louis Houck. CAPE GIRARDEAU, Mo., April 23.—Former Gov. Frederick Gardner of St. Louis today accepted an invitation to participate in the funeral services to be conducted at the State Teachers' College auditorium here Sunday afternoon for the late Louis Houck, pioneer railroad builder and author. Leading speakers on the program will be Sam A. Baker, United States senator, James A. Reed and Fred Steyer, Cape Girardeau publisher.

VALUE IN HOME TRAINING

Charles E. Miner Speaks to Parents on Instruction of Children.

Continuance of honest and intelligent instruction of children by their parents will more adequately prepare the rising generation to meet the problems of life than ever before, Charles E. Miner, executive secretary of the Missouri Social Hygiene Association, declared in an address to the Parent-Teachers' Association of Adams School, Tower Grove and Norfolk street.

Miner spoke of the advantages young parents of today have in facing given them by persons who have made a lengthy study in social hygiene. The demand for literature and knowledge of the subject is increasing, he said.

PIEDMONT COLLEGE
QUARTETTE ON TOURSpeakers Tell of Efforts to
Make Georgia Institution
Self-Supporting.

Blueberries 3/4 of an inch across, to make such pies as housewives have hardly dreamed of, and rose petals by the million, for the perfumery market, are among the resources being developed in the agricultural and industrial departments of Piedmont College, Demorest, Ga. The work of the college is being described in St. Louis at the annual conference of the Southern Baptist churches this week, at which the college is being described by the college's male quartet. Admission to the concert is free, and no solicitation of funds for the college is made, but a collection is taken to meet the expenses of the singers who are making a tour of the central and northern states in two automobiles.

The series of concerts began in Pilgrim Church last night. Tonight's program will be in the First Church, Wydown boulevard and University lane. The quartet will sing in Milwaukee Congregational Church Friday night, at Sunday morning's service in Compton Hill Church, Lafayette and Compton avenues; at 5 p. m. Sunday in Webster Groves Church; and Sunday night in Fountain Park Church.

President, Frank E. Jenkins and the Rev. A. T. Osborn, who is in charge of the agricultural and industrial department, speak at each concert. The president tells of the educational needs of Northern Georgia and the adjacent parts of Tennessee, the Carolinas and Alabama, which the college serves.

Osborn told of the work on the 500-acre farm belonging to the college, and of the development work done with the aid of the Department of Agriculture, to provide revenue for the college. Growing of the large blueberries on a big scale will begin after preliminary propagation work is developed further. The growing of rose petals is in negotiation with a perfume manufacturer, he said, and depends on the result of tests and comparisons now being made. Other prospective resources are the production of menthol, hitherto a Japanese monopoly; mushrooms; and a specialized rhubarb plant. Three hundred students are available for part-time work at these tasks.

The Piedmont College singers, all Southern youths, are Leslie Brown, Clay Olson, Martin Stinebaugh and Jesse Stinebaugh. Ralph Stricher is accompanist. Their program includes college music and negro melodies.

PASTOR DENOUNCES Y. M. C. A.
AS MENACE TO THE CHURCHAttacks Religious Movements as
Detrimental to Fundamentalism
Before Baptist Bible Union.

By the Associated Press.
CHICAGO, O., April 23.—Y. M. C. A.'s and Y. W. C. A.'s, with occasional exceptions, were denounced as the greatest single menace to the church today, by the Rev. W. R. Riley, pastor of the First Baptist Church of Minneapolis, speaking last night at a conference of the Baptist Bible Union of Ohio.

Sectarian colleges and colleges founded by churches, were declared to have so far departed from the intent of their founders that there is not a single one to which a young Christian may be sent with any assurance that he will return a Christian at the end of his college course. There is not a Baptist college in the North, he declared, that is fundamentally true to the evangelical church.

All of the great church movements, such as the men and religious forward movement, the inter-church world movement, the boy and girl scout movements, the playground work, social settlement work and big brother and sister movements were attacked as detrimental to the fundamental church.

Dr. Riley denounced the movement which has resulted in the operation of hospitals by the Baptist church, particularly in the South, and declared that the function of the church is to administer to the spiritual needs of the sick.

Pied College to Get \$250,000.

By the Associated Press.
COLUMBIA, Mo., April 23.—An endowment of approximately \$250,000, from which to obtain capital for carrying on its operations, is soon to be turned over to the Bible College of the University of Missouri, it was announced by faculty members today. Real estate loans in the amount of \$214,560 have been given to the school and an additional legacy of \$35,000 has been donated through the will of the late Mrs. Zereph Holland of Liberty, Mo. A wider scope of activity by the college is planned, by virtue of the endowment.

NEW YORK HIPPODROME IS
SOLD TO EDWARD F. ALBEEHistoric Old Playhouse to Remain
Intact and Continue Policy
of Vaudeville.

By the Associated Press.
NEW YORK, April 23.—The New York Hippodrome, site and structure, was purchased yesterday by Edward F. Albee of the Keith-Albee vaudeville circuit at a price announced as "between \$5,000,000 and \$6,000,000."

The transaction was consummated between Harry H. Black, chairman of the board of the United States Realty & Improvement Co., owners of the property, and Albee.

Following Albee's acquisition of the property, Mark A. Leuscher, director-general of the Hippodrome, announced the theater would remain intact and continue its policy of vaudeville.

"It was to perpetuate this historic playhouse that E. F. Albee purchased the property," Leuscher explained.

The Hippodrome, which celebrated the twentieth anniversary of its opening April 5, has been threatened many times with demolition, owing to the northward march of trade and midtown development. When it was first opened on April 12, 1905, it was the marvel of its day.

A certificate of incorporation, granted Tuesday at Albany, reveals the new corporation will be known as "Hippodrome, Inc." It will be capitalized at \$1,000,000, 10,000 shares of common stock at a par value of \$100 each. The new corporation is to be the operating company. No stock will be offered to the public.

To Celebrate Delmar Lighting.

An entertainment celebrating the installation of the new electric street-lighting system, on Delmar boulevard between Rosedale avenue and Skinker boulevard, will be held by the Delmar Improvement Association tonight at 8 o'clock at the University Presbyterian Church, 618 Delmar boulevard. The streetlights will be turned on at 9 o'clock.

Bishop Waldorf to Preach.

Bishop Ernest Lynn Waldorf will preach at the 11 a. m. service tomorrow at Grace Methodist Episcopal Church, Skinker road and W. 12th street. The Rev. Dr. R. H. Schuetz will preach at the 5 o'clock Vesper service on "Christ's Protest Against Unreality."

WEEK-DAY RELIGIOUS TEACHING
Work in 27 Locations.

By the Associated Press.
NASHVILLE, Tenn., April 23.—Classes in week day religious education are being carried on in 27 locations in 21 conferences of the Methodist Episcopal Church, South, under denominational and interdenominational auspices, in connection with grammar and high school grades of the free public schools. It was reported by Mrs. V. R. McDonald, who is directing the week day and vacation religious education work recently started by Dr. J. W. Shackford, general secretary of the Sunday School Board, Methodist Episcopal Church, South.

The matter of week day religious education was reported to the Sunday School board of the church in annual session here. In many of the centers, high school credit is given for such courses.

Marriage to Jerome Preston of New York Follows Divorce.
By the Associated Press.
PARIS, April 23.—Mrs. Gwynne Allen, niece of Mrs. Cornelius Vanderbilt, was married to Jerome Preston of New York yesterday in Paris. The bride was awarded a divorce here from Horace R. B. Allen of New York only a few weeks ago.

Miss Gwynne, daughter of Edward Erskine Gwynne, a nephew of the Dowager Mrs. Cornelius Vanderbilt, was married to Horace Allen in Paris in August, 1918, as the result of a war romance. She sailed for Paris last September, saying she intended to get a divorce here from Horace R. B. Allen. Mr. Preston is a son of the late Mr. and Mrs. Ralph J. Preston.

Schweig Addresses Photographers.

Rinso
The new kind of soap
soaks dirt out

In over a million homes every week this new kind of soap is doing the washing: It leaves just the rinsing for you.

Easier, Shorter, Cheerier Washdays have come at last!

More than a million women every week are getting sweet, clean clothes without any of the old, hard rubbing. The makers of Lux have made a new kind of laundry soap that cuts washday in half, does the washing for you, leaving you only the lighter work of rinsing. That is why they named it Rinso.

Rinso comes in a package. Its tiny granules dissolve quickly, completely, in boiling water, freeing all their wonderful cleansing power. The creamy lasting suds gently, safely loosen the dirt so it floats out while the clothes soak. Your work is just rinsing the clothes clean. Soak, boil, or use a machine—Rinso works so perfectly 22 leading makers of washing machines recommend its use. Lever Bros. Co., Cambridge, Mass.

That Teasing "Toasty" Taste

The reason for that nut-like flavor, that alluring "crunch" in the coating of Sungold Chocolates, is simple enough. Coconut, like marshmallows, muffs and other delicacies, is glorified by toasting. Blended with rich chocolate, the flavor is irresistible.

Sungold Chocolates are hand-moulded—the coating goes deep and the deliciousness deeper. Centers of delightful variety—nougats, butter chips, caramels, marshmallows, true fruit-flavored creams.

The value is in the candy—not in the box. One dollar a pound at your "neighborhood" druggist or confectioner.

By ARNO DOSCH FLEUROT, Paris Correspondent of the Post-Dispatch and New York World.

CORONADO, 1925, by the Press and Pulitzer Publishing Co. (New York World and Post-Dispatch).

PARIS, April 23.—Now that the first flurry over the League Cabinet has passed, satisfaction is expressed in almost all political circles that France's foreign policy is in the hands of Aristide Briand.

The visit to Warsaw of the Foreign Minister of Czechoslovakia and the forthcoming close alliance between Czechoslovakia and Poland have illuminated the international political situation, and there is general agreement as to what is France's game, a continental bloc based on France and the Little Entente with Poland attached. This would place Britain alone in the position of supporting the German thesis. Germany is wanted in a continental peace pact, but on French terms—that treaties remain inviolable.

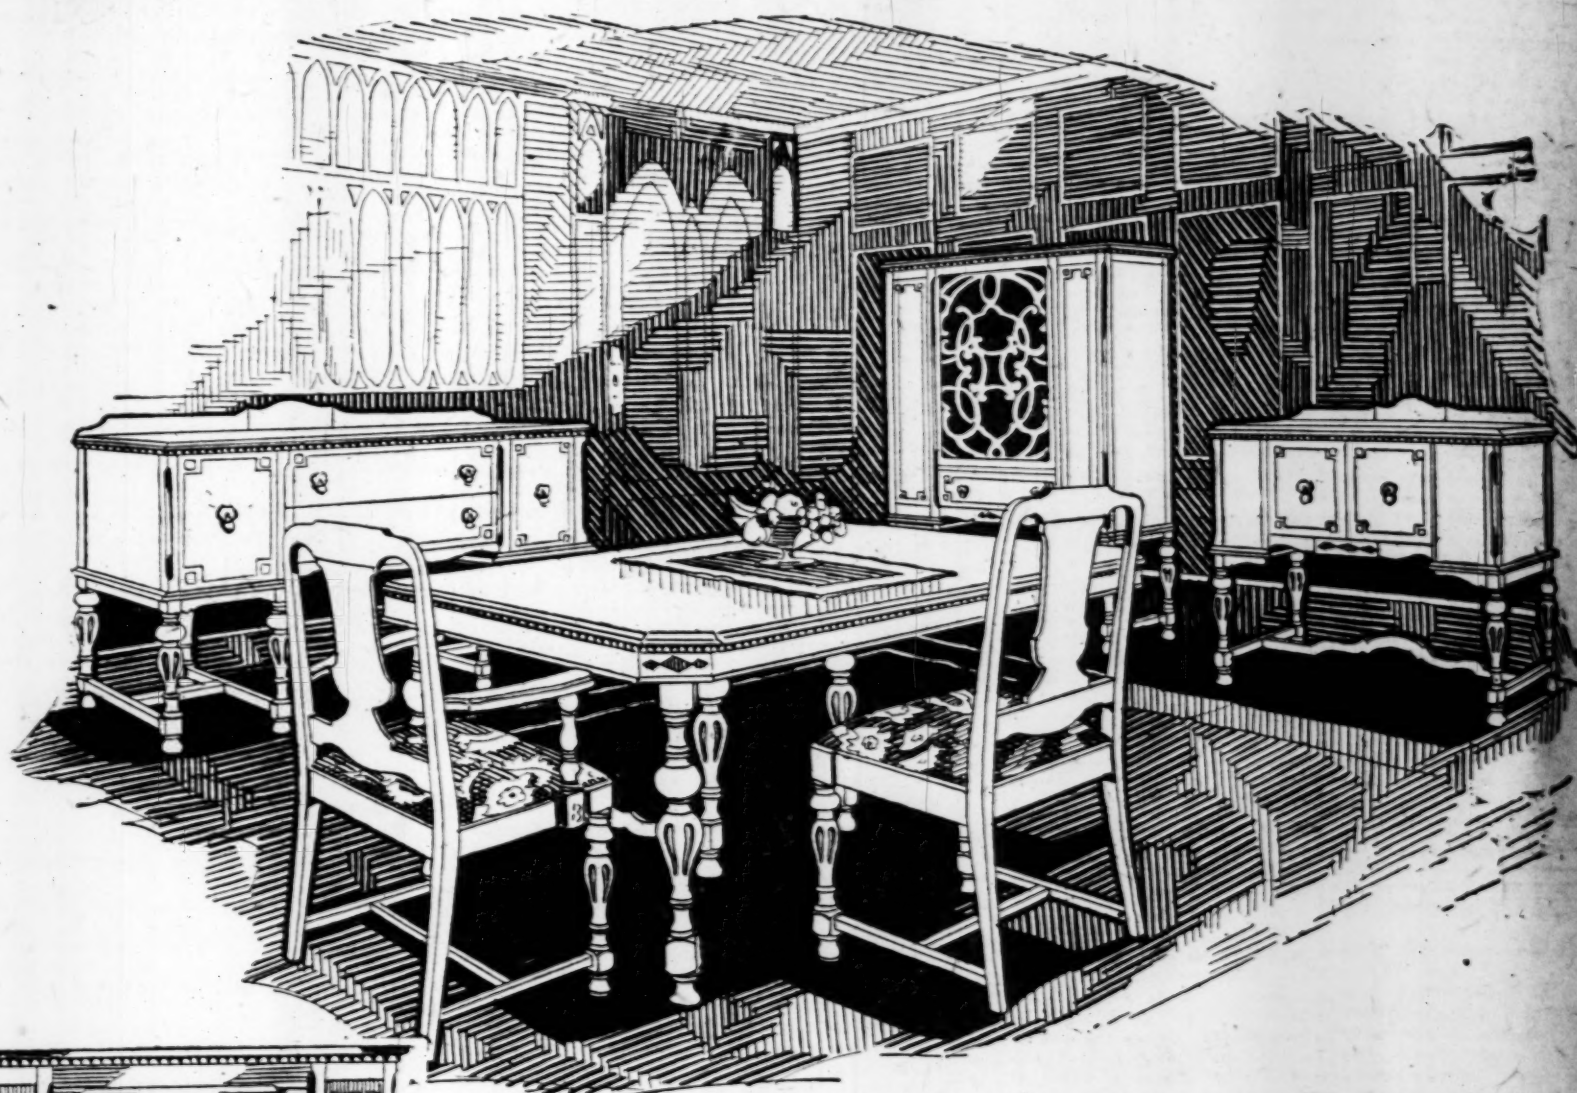

The French play began under former Premier Herriot, the principal figure being Benes, it began a few days after the March council of the League of Nations, when British Foreign Secretary Chamberlain threw down the Geneva protocol framed by Benes.

Benes came to Paris following Austen Chamberlain, British Foreign Secretary. As soon as he learned that Chamberlain continued to advocate a five-Power pact with Germany instead of a three-Power pact of France, Belgium and Britain or a seven-Power pact including Poland and Czechoslovakia, he dropped his efforts to dissuade the British from their decision. But he set to work to face Britain with a set of continental alliances. Polish Foreign Minister Skrzyadnoki also was in Paris and steps toward a continental bloc were taken then.

It is held in France and among the Central European allies that Britain inspired the German offer for a five-Power compact. They are against the five-Power agreement because they think it puts Germany in a master position in Central Europe. To prevent this they are negotiating now in Warsaw, and will negotiate further in 10 days in Bucharest a set of independent treaties under the League of Nations, which will in effect form a bloc they believe will be useful in the negotiations for a security pact.

Briand's reiteration of Herriot's formula for security, arbitration and disarmament is taken to be an indication of adhesion to the bloc, which will stand upon the league as the basis of its security negotiations. To the criticism that this forms a bloc of France and satellites it is replied that Czechoslovakia and Poland did not consider it necessary to negotiate a solidarity treaty until Germany raised the question of eastern frontiers.

Lammert's Anniversary Sale

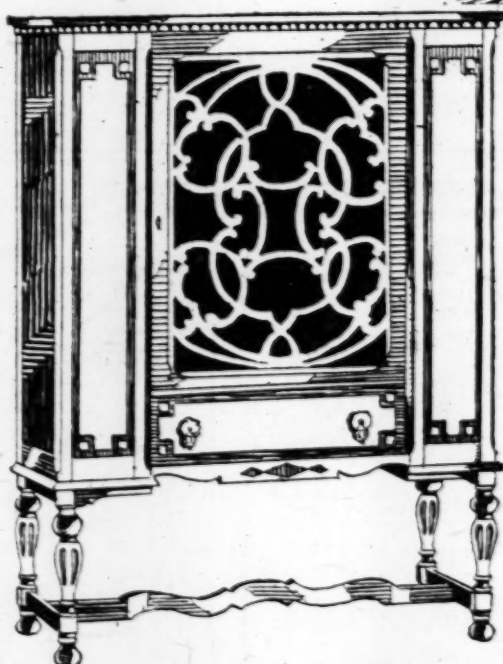

Is It Priced Too Low?

You Will Want to Read the Interesting Story of This 10-Piece Walnut Suite for

\$198.00

In arriving at this price, there was a difference of opinion. Would not this low price give a false impression of its real value? Would it not sell better at \$300, which is closer to its actual worth? Read the details and then view the Suite yourself. We will rest our case on your inspection.

In connection with our ANNIVERSARY SALE, we wanted to give our patrons a value in a Dining Suite that would cause them to favorably remember this sale for years to come. We chose this particular Suite, because it represents Lammert quality in construction, design and finish. We chose this Suite because we knew that it embodied those features of dependability that are so necessary for lasting service.

Close-Up of China Cabinet Showing Details of Mullion Scroll Work on Glass Door

Setting the Price

Then came the question of price. Would it be better to shave our profit to the quick and place on it a price that would be nothing short of sensational or would this low price cause some of our patrons to underestimate its real value. We have no doubt there are some who feel that they cannot obtain what they demand in a Dining-Room Suite at a price so low. To these we can only say that if they expected to pay \$300.00 for their Dining-Room Suite, that they see this one before they decide.

Design and Finish

The design of this Suite is borrowed from the Tudor and it expresses that dignity in line and vigor of treatment which is always associated with that period. The Suite is made of American walnut in combination with selected red gumwood. The tops of the table and the buffet are veneered with a particularly beautifully grained walnut. Interiors are dustproof throughout and embody that close attention to detail that makes for quality. Drawer bottoms are of genuine mahogany veneer. The finish is most unusual, being softly high-lighted and shaded in two-color effect. Brass door and drawer pulls complete a thorough quality ideal.

The Pieces Are Unusually Large

In most suites selling at this low price you will invariably find that most of the pieces are very small. You have but to read over the detailed specifications of these pieces to realize that they are the same size as you will find in suites priced twice as high.

THE OBLONG EXTENSION TABLE measures 45x60 inches and extends to a full 8 feet. Three extra leaves are provided and a patented locking device holds the table rigid at all times.

THE BUFFET is 66 inches long and is provided with large drawers for table linens and a removable felt-lined silver tray.

CHINA CABINET is 65 1/2 inches high and 44 inches wide. Has glass door with Mullion scroll work. Also large drawer.

SERVING CABINET is 35 inches high and 40 inches wide. Has large two-door compartment.

FIVE SIDE CHAIRS AND ONE ARMCHAIR are large and generously proportioned and seats are covered in figured tapestry.

This Suite can also be bought in 8-piece and 9-piece combinations.

PLANS TO CARE FOR AGED POLICEMEN ON BEAT'S MADE

They Will Be Offered Vacancies as They Occur in Positions Held by Clerks and Police Girls. As vacancies occur in positions now held by girl telephone operators and clerks in the Police Department, they will be filled by superannuated patrolmen now on beats, who will be succeeded in patrol work by younger men.

President Orrick of the Police

Board today said the board had been casting about for some means to care for aged patrolmen, and it is believed many of them can be given the light work now done by girls. He said no girl employees would be removed to make places for the men, but that they would be replaced by the old men only when vacancies occur. In a change of this kind the patrolmen must resign as such and accept the salaries paid the girls, which range from \$65 to \$85 a month.

YOUTH, ACQUITTED OF HOLDUP, ARRESTED ON ANOTHER CHARGE

John Connelly, 19, Taken Into Custody as He Leaves the Courtroom.

John Connelly, 19, leaving Circuit Judge Taylor's courtroom yesterday after the reading of a sealed verdict, acquitting him of highway robbery, was arrested on a concealed weapon charge for which a warrant was issued.

A revolver was found in his possession Jan. 9 when he was arrested on a charge of holding up the Bech Laundry Co., 3301 Bell avenue, but no concealed weapon charge was brought, pending outcome of the other case.

COOLIDGE SHEDS NO LIGHT ON ROW IN SHIPPING BOARD

Inquiry of Body Not in Relation to Sale of Ships, but as to Its Administration.

ANSWERS IN SUIT FILED WITH HIM

White House Spokesman Also Says Executive Does Not Consider Statement About Russia Important.

By DAVID LAWRENCE. Special Washington Correspondent of the Post-Dispatch.

WASHINGTON, April 23.—The White House spokesman has not yet decided to shed light on the controversy going on inside the Shipping Board with respect to the pending sale of ships and there is no copy available for publication of the letter written by President Coolidge to Chairman O'Connor, which has been interpreted as an intervention in Shipping Board procedure.

What the spokesman for the President told the press as to this and other matters at the semi-weekly conference follows almost verbatim:

That the President made an inquiry of the Shipping Board, not in relation to the sale of ships that is contemplated, but he made an inquiry as to whether part of the Shipping Board were going to appear in court in opposition to the rest of the board, and he was informed that some of them were appearing in court. The President did not know whether the idea was that it was in opposition to the rest of the board, but the information consisted of filing with him the personal answers, the individual answers made by the different members of the board. These are on file in court, they are public, and that is all the information he has about it.

No Inquiry About Ships' Sale. He was not making an inquiry—he wanted that made clear—about the sale of ships. His inquiry was as to the administration of the Shipping Board affairs—as to whether part of the board was in conflict with the other part of the board, and if members of the board were in conflict generally against the board or against the Government. He was told the Court complaint was against each of the members individually and they were making individual answers. Those are on file and the President does not know exactly what their contents are.

The President understood that the statement issued by Secretary Kellogg with respect to Russia had no particular significance. He understood it came about this way: When Ambassador Kellogg became Secretary of State there were rumors that might change the attitude of the State Department towards Russia and in response to several inquiries of that kind, the Secretary sent notice there was not any change at the present time—more as a matter of ordinary detail.

No Arms Parley Negotiations. That the President has no negotiations at the present time relative to the arms conference and that he has already given all the information there is about that and that the matter is being looked up by the State Department.

The spokesman did not volunteer any information as to Government activities or the Cabinet sessions nor was there any way of determining under the rule just what inquiries were made of the President which he decided not to answer.

Fish Fry for Harry B. Hawes.

Special to the Post-Dispatch. EXCELSIOR SPRINGS, Mo., April 23.—John Emmke turned his big lake and the Elms farm over to a crowd of Democratic politicians yesterday and an old-fashioned fish fry was given by a number of local Democrats in honor of Congressman Harry B. Hawes. Among the Democrats present were Congressman J. L. "Tuck" Milligan of Richmond; Maurice Roberts of St. Louis, attorney for the Frisco Railroad; Frank Armstrong of Jefferson City, former secretary of the Democratic State Committee; Mitchell Henderson of Kansas City; Judge F. T. Crowley, member of the Democratic State Committee, and Dr. J. H. Rooney of Lawton.

The Gifts of Packard
DURING the last twenty-five years it has been Packard's privilege to make many fine gifts to those who buy motor cars.
A few years ago it was the fuelizer, found only on Packard cars, and then last year, four wheel brakes, for Packard was the first well-known motor car builder to include four wheel brakes as standard equipment.
Now, Packard is offering at one time three gifts, the most important improvements since the days of the electrical starter, nearly fifteen years ago.
The thousands who have taken delivery of new Packard cars, both Six and Eight, during the past few weeks have found in them:
1. The motor oil rectifier
2. The chassis pressure lubricator
3. The new steering and front spring suspension
Numbers 1 and 2 should double the life of your car, reduce operating and maintenance charges and add years to your peace of mind.
Number 3 makes available the advantages of low pressure tires with the elimination of dangerous wheel wobble.
No other car has these three improvements.
May we show you why those who own Packard cars need to change motor oil but four times a year, and how they lubricate their cars in less than one second of time?
And will you, as our guest, drive one of these new cars over a route selected to bring out the advantages of the new steering and spring suspension?
If it will be any hardship for you to stop at our store during the next few days, a 'phone call will bring a car to your door where you and your family may inspect—the latest gifts of Packard.

OLD PLAYS POPULAR AGAIN IN LONDON

Manages Drama Profits From Reproduction; "Merry Widow" Sets Town Whistling.

Reproduction of the Associated Press. LONDON, April 22.—Revels in the theatrical world of London came in with a rush early this spring and held the stages of various houses until they were pushed into the discard late in the season when a number of brand-new plays appeared from the other side of the Atlantic.

In the eyes of theatrical managers, revivals have been the order of the day for some months for a number of reasons. There has been no dearth of new plays, operettas and other pieces to select from, but the managers, after finding that old favorites to life again in the theatre-going public, and the condition save little fortunes in royalties are concerned, have decided to spare the managers' pocketbooks in many, many other ways.

Goos Back 150 Years. Revivals this year—in one case a manager went back 150 years for his material—might be called stop-gap pieces and were brought out to fill certain houses which otherwise would stand idle while new pieces were in the course of preparation. It is nearly always safer to put on a favorite of some years ago, as the London managers, especially where a play is desired for a short run, than it is to attempt to introduce a new piece, drama, operetta, or otherwise.

"The Merry Widow" early in the season started the ball rolling, so far as revivals were concerned, and within a few weeks was being whistled over all the town, just as it was 16 years ago when brought there from Vienna. Then came "The Dollar Princess," which had its first performance here in 1909, when it ran for 425 nights.

"Sumurun," which, to some extent, set the fashion which in recent years brought forth the Eastern mystery and the magnificence of such productions as "Chu Chin Chow," was another revival, this having its premiere here some 14 years ago.

Most Successful Play. "Chu Chin Chow" is perhaps the most successful play ever produced in London, having run continuously at His Majesty's Theatre for more than five years, and since has been playing the provinces and the London suburbs without a letup. "Charlie's Aunt" and "It Pays to Advertise" are other successes which still hold the stage in the suburbs and boroughs of the English metropolis.

But of the dives into the past to revive old favorites, by far the most successful play this season has been "The War of the Worlds," which still holds the stage in the suburbs and boroughs of the English metropolis.

As a whole London appears to take kindly to all the revivals of other years, for a short time, at least.

INSTITUTES RAISE \$4,000,000. Eastman Conditions \$2,000,000 Gift to Hampton and Tuskegee.

NEW YORK, April 22.—The campaign to raise a \$4,000,000 endowment fund for Hampton and Tuskegee Institutes has passed the \$4,000,000 mark. It was announced yesterday by Dr. William Jay Schieffelin, chairman of the New York committee, with headquarters at 5 Maiden Lane.

"From now on," Dr. Schieffelin said, "every dollar contributed will count as \$3. The two Institutes will receive an additional \$2,000,000 from George Eastman, provided they succeed in raising \$5,000,000 by the end of 1925. Obtaining the remaining \$1,000,000 presents the greatest difficulty of the campaign. In all drives for funds the final lap is the hardest. This is particularly true of the present campaign, as most of the money donated to date has come in large sums from foundations and wealthy individuals who have made a careful study of the work of Hampton and Tuskegee."

Few Foreigners in Sweden. STOCKHOLM, April 22.—Sweden's population as shown by a report of the Royal Bureau of Statistics is slightly more than 6,000,000, and the entire Swedish nationality, wherever domiciled, is estimated at close to 9,000,000.

The foreign born inhabitants of Sweden number 57,832, or less than one per cent of the total population. Another fact brought out by the report is that 99 per cent of the total population belongs officially to the Established State Church.

Ping-Pong Revival in Germany. MERLIN, April 22.—Ping-pong has returned to favor in Berlin. A table tennis club recently was established and 50 organizations joined it. A tournament is being planned for next fall.

FEMINE FILIBUSTERER

Austrian Woman Lobbyist Talks for Seven Hours.

VIENNA, April 22.—Emma Frelich, Socialist deputy in the Austrian Parliament, claims distinction of being the first feminine filibusterer in parliamentary history.

For seven hours yesterday she held forth during the session of the committee on rents in an endeavor to obstruct the Christian Social party's attempt to rescind measures for protecting tenants against the landlords. Though after the seventh hour she did not seem at the end of her strength or oratory, her Socialist colleagues thought it best to relieve her by a male long distance talker.

ROW LIKELY TO COST PATROLMAN HIS JOB

Probationary Charles A. Byes Found Injured When Police Captain Is Called.

It seems as though the police career of Probationary Patrolman Charles A. Byes, who six months ago joined the force to contribute his bit to keeping the city's peace, had ended. For last Tuesday Byes took a few drinks, got punched in the eye, and had his revolver taken away from him, all of which has led Inspector Wetzel and Captain Kirk of the Souldard Street Station to recommend Byes be dropped from the force.

It was about 7 o'clock in the evening of the day Byes got punched in the eye, etc., that Byes and his wife and his baby called on Byes' brother and sister-in-law and Byes' parents at 1730 Mississippi avenue, where they room at the home of John Bagby. And an hour after Patrolman Byes' arrival, Captain Kirk got a phone message that "a cop is being licked at 1730 Mississippi," causing Captain Kirk to proceed in great haste to the place.

When the Captain got there, after a hasty journey, he found Byes "out" on the front lawn, while on Byes' eye appeared a very colorful decoration. Over Byes stood Bagby, and when Capt. Kirk arrived Bagby calmly handed Byes' revolver to Kirk.

Capt. Kirk investigated and Mrs. Bagby told him she heard an awful tumult in the Byes' room and proceeded to ask the Byes, please not to make so much noise. Patrolman Byes then informed her, she said, that rent was being paid for those rooms and they could make as much noise as they saw fit. During the discourse, Mrs. Bagby said, she smelled liquor emanating from the patrolman, so she decided he must have been drinking.

Byes, she said, did not get any nicer about it, so Mrs. Bagby telephoned her husband, and her husband hurried home, and when he got there he saw the patrolman striding up and down in front of the house.

"I saw he'd been drinking," Bagby told Captain Kirk. "So I went up to him and said, 'Old man, if I were you I would go home.' But he took it in no nice way. You ought to hear what he called me. Then he pulled his revolver, and to keep from getting shot I poked him with one hand and grabbed his gun with the other. Then you came."

Capt. Kirk escorted Probationary Patrolman Byes to the City Hospital, where Byes was treated by the attending physician. Then the physician sniffed and announced Byes had been drinking. When Captain Kirk got Byes to the station, Byes made out a report which said: "Mrs. Bagby took the mattress from my parents' bedroom. I asked her to return it. She wouldn't. I waited for Bagby. I asked him to let my parents have their mattress so they could sleep. Then he hit me in the eye with some weapon. I was knocked out."

SCHMOLL HEADS INVESTIGATING BODY FOR G. O. P. IN CONTEST

Committee Under Circuit Clerk Will Operate Through Republican City Organization.

Circuit Clerk John Schmoll has been appointed chairman of the Investigation Committee which will begin gathering evidence to be used in defending the contest of the election of Mayor Miller, by William L. Igoe, Democrat, who was defeated on the face of official returns by 3129.

The Investigation Committee will operate through the Republican City Committee and the organization which Mayor Miller had supporting him independently. Additional members of the Investigation Committee will be appointed following a conference today.

Henry Kortjohn Jr., a member of the Police Board, is chairman of the legal committee which will represent Mayor Miller in the defense of the contest.

W. H. Hughes, secretary of the Igoe campaign committee, is still gathering evidence, which he is giving to former Circuit Judge Jesse McDonald, chief counsel for Igoe in his contest suit. The Democrats have until May 4 to file the suit but it is likely to be filed within a week.

MERCHANT FIRES AT ROBBERS

Thinks He Wounded Two Whom He Detected in Burglary.

ROCK ISLAND, Ill., April 22.—Two robbers are believed to have been wounded shortly after 2 o'clock this morning when they were fired upon by Ed Berguson, proprietor of a general store at Lynn Center, Ill., southeast of here. He caught them in the act of robbing his establishment.

Berguson, who lives across the street from his store, was awakened shortly after 2 o'clock and could see three men with flashlights moving about in his store. He got his shotgun, went out into his front yard and took position behind a tree. One of the robbers stepped out and Berguson fired. The man staggered, dropped some keys and merchandise taken from the store and disappeared. Then the other two came out, shooting wildly as they stepped outside. Berguson, having the advantage, fired on them and is believed to have wounded one before they escaped.

Pictures Taken 30 Minutes Apart

Let me bring like changes to you By Edna Wallace Hopper

This girl was neglecting her beauty, as millions of girls are doing. The picture at left shows that.

Then she used my White Youth Clay and Youth Cream—a single application. The picture at right shows the changes which 30 minutes brought.

I have searched the world since girlhood to find ways to such results. Those helps made me a famous beauty, won me a glorious career. They have kept my youth and beauty to a grand old age.

Now I am offering those matchless helps to all girls and women. Toilet counters everywhere supply them. A trial of any will come free if you mail the coupon to me.

My Youth Cream Is a remarkable creation, combining many factors. It contains products of both lemon and strawberry. Also the best helps science gave me to foster and protect the skin.

It comes in two types—cold cream and vanishing. I use it as a night cream, also daytime as a powder base. Never is my skin without it. My velvet complexion shows what that cream can do. The cost is 60c per jar. Also in 35c tubes.

My Facial Youth Is a liquid cleanser I owe to France. Great beauty experts the world over now advise this formula, but their price is too high for most women.

It contains no animal, no vegetable fat. The skin cannot absorb it. So it cleans to the depths, then departs. My facial Youth will bring you new conceptions of what a clean skin means. The cost is 50c.

White Youth Clay A new type of clay, white, refined and dainty. Vastly different from the crude and muddy clays so many have employed.

It purges the skin of all that clogs and mars it. Removes the causes of blackheads and blemishes. Brings a rosy afterglow which amazes and delights. Combats lines and wrinkles; reduces enlarged pores.

No girl or woman can afford to omit it. It multiplies beauty. White Youth Clay costs 50c and \$1.

My Hair Youth The cause of my luxuriant hair, thick and silky, finer far than 40 years ago. I have never had falling hair, dandruff or a touch of gray.

A concentrated product combining many ingredients. I apply it with an eyepdropper directly to the scalp to tone and stimulate. No man or woman will omit it when they see what Hair Youth does. The cost is 50c and \$1 with eyepdropper.

My Face Powders They are supreme creations. No face powders you have used can compare. Mine are exquisite. They come in two types. One a heavy, clinging cold cream powder, in square box, \$1. I like that best. The other is light and fluffy, in round box, 50c.

All toilet counters supply my beauty helps. Send the coupon and I will mail you a sample of any one you choose. Also my Beauty Book.

St. Louis to Have Modern Two-Family Dwellings in Davis Place

THE most important announcement in the home building program of Greater St. Louis is the fact that Davis Place, the new subdivision located in the heart of the finest residential section, is to be devoted to modern two-family dwellings.

Eastern cities have already adopted the new two-family dwelling, in which the duplex feature is entirely concealed, as the most popular type of home construction. Seven houses of strictly modern design, all for two-family occupancy, are already under construction in Davis Place. Others will follow.

The modern two-family dwelling in Davis Place enables the owner to live in a pretentious home, with adequate grounds and the most desirable environment. At the same time the owner can enjoy an income from his property. Splendid homes for two families can be erected at a cost ranging from \$18,000 to \$30,000.

Davis Place offers the opportunity of a lifetime for profits. Lots in this subdivision, due to its location and price of property surrounding it, will increase rapidly in value in the next 12 to 18 months.

An attractive display of plans and sketches of two-family dwellings may be seen at the office of the Davis Realty Co., 11th and Locust Streets.

Davis Place Open for Inspection

The public is cordially invited to drive into Davis Place at any time. The trees, shrubbery and huge sloping lawns make it a delightful place for an hour of recreation. Davis Place is located at the intersection of Polo Drive, Hanley, Clayton and North and South Roads.

The Mansion

In Davis Place Sunday, April 26th

ON next Sunday there will be thrown open to the public one of the most pretentious exhibitions of home decorating and furnishing ever seen in St. Louis. A great country home, a familiar landmark to St. Louisans for a century, and overlooking one of the beauty spots of the city, is being transformed into a magnificent mansion where the public may go to see the latest things in wall decorating, hangings, fixtures and furniture. The Exhibit is under the direction of the

Interior Decorating Department Scruggs-Vandervoort-Barney

A completely furnished dining room, and a huge living room that is a model of comfort and elegance, will give to the public a new conception of what the modern home decorating art can do. Summer dress will be used throughout. Additional rooms will contain furnishings in keeping with the season and a huge veranda which overlooks the spacious grounds will accommodate the hundreds of visitors who will visit "The Mansion."

Watch next Sunday's Post-Dispatch for complete details.

BERTH FOUND FOR TARIFF REDUCER

Culbertson, Who Favored Cut
in Sugar Schedule, Offered
Rumanian Post.

By CHARLES G. ROSS
Chief Washington Correspondent
of the Post-Dispatch.

WASHINGTON, April 22.—The President's selection of William S. Culbertson of Kansas, vice chairman of the United States Tariff Commission, to be Minister to Rumania, is an important step toward the reorganization of the Commission so as to insure its acquiescence in the high rates fixed by the Forney-McCumber law.

Culbertson, though a Republican, joined with two Democrats on the Commission, Edward P. Costigan and David J. Lewis, in recommending to the President a reduction in the sugar tariff. Their report represented the majority finding of the Commission. A minority report was submitted by two high protectionist members, Chairman Thomas O. Marvin and William Burgess, both Republicans. The other member, Henry H. Glascoe, was defeated from taking part in the case under a law which Culbertson sponsored because of the financial interest of his family in the sugar industry.

Sugar Report Ignored.
The recommendation in favor of lower sugar duties has been before the President, since last June. Though on two or three occasions it has been indicated at the White House that he was about to take same notice of it, the report still remains ignored.

Under the elastic section of the tariff law, the President has the right to increase or lower duties 50 per cent. His failure to accept the majority report of the commission—the body named in the law as his advisers on tariff rates—leaves the sugar schedules at the high figures set by the Forney-McCumber act.

In the meantime, the term of one of the signers of the report, Lewis, has expired, and he has been replaced with another Democrat, Alfred Dennis, a personal friend of the President.

To ease Culbertson off the board was a more difficult problem. He had been appointed originally by President Harding and had been reappointed by President Harding in 1921 for a 12-year term. There was no way to eliminate him save by giving him an acceptable appointment in some other branch of the Government service.

Culbertson himself, on account of the personal animosities in the commission, was quite willing to leave, but only on condition that his abilities be suitably recognized.

Place Sought for Culbertson.
For the last six months, therefore, the administration has been trying to fit Culbertson into another place. Senator Curtis of Kansas has been active in promoting him for various vacancies. A minor diplomatic post was offered and declined. He was considered for the Chinese portfolio, but the decision was finally reached to send to Peking a man better versed in Far Eastern affairs. The Ambassadorship to Argentina was a possibility until the President decided to shift Peter A. Jay to that post and send Culbertson to Bucharest to succeed Jay.

Thus it appears that a solution satisfactory to all parties has been found, subject only to the formality of getting the Rumanian Government's assent to the Culbertson appointment.

The Bucharest post has recently taken on new importance by virtue of pending negotiations for the settlement of the Rumanian debt to this country. Other questions involving American rights in Rumania also await settlement. It was recently stated at the White House that Jay would remain at his post until he had brought the negotiations to a more mature stage.

Culbertson's knowledge of finance and trade conditions is declared by administration spokesmen to qualify him admirably for the foreign service.

It is required that certain that the President will replace him on the Tariff Commission with a Republican of high protectionist tendencies.

Record Total on Fire Losses.
By the Associated Press.
NEW YORK, April 22.—Fire insurance companies in the United States paid premium holders more on losses during 1924 than in any previous year. It is shown in a tabulation published by The Spectator, an insurance journal. The companies paid losses totaling \$475,000,000 last year, or nearly \$17,000,000 more than in 1923.

7 WARRANTS FOR MAN AS 'GAS' BOOTLEGGER

Samuel W. Kopman, 21, Head
of East Side Fuel Com-
pany Arrested.

Seven warrants, charging three different forms of law violation in connection with the "bootlegging" of gasoline across the river in evasion of the Missouri State tax of two cents a gallon, were issued against Samuel W. Kopman, 21 years old, president of the Perfect Motor Fuel Co., of East St. Louis, following his arrest by St. Louis detectives at 10:30 a. m. today.

Three of the warrants are for failure to pay the tax, three for failing to pay the State inspection fee and the other for failing to register to do business in Missouri. Kopman's arrest is the second growing out of alleged operations of the Perfect Motor Fuel Co. Two weeks ago, Otto Weisert of Belleville, a driver for the concern, was taken into custody after he had delivered 355 gallons of gasoline to the Manewal Bread and Baking Co., 2229 South Broadway. Gustav Manewal, president of the concern, was arrested also and warrants were issued against both, but that against Manewal was dropped when he produced receipts from the fuel company marked "Tax paid."

Following up the case, Deputy State Coal Oil Inspector Robert W. Hanna summoned Kopman to his office and detectives were there to make the arrest when he arrived today. Kopman's explanation was that he had kept records of gasoline sales with the intention of paying the tax, but had just returned from an extended stay in the Southwest and had not yet had a chance to do so.

Local People Rush to Avail
Themselves of the Oppor-
tunity to Test Great Remedy

The Drive Continues, Says
Judge & Dolph Drug Co.

Perhaps never in the history of this community has a new remedy created so much interest, and the demand been so great for medical preparation, as has been for HERB JUICE, now being introduced in this city at Judge & Dolph Drug Company. According to a statement of the HERB JUICE man, hundreds of local people are testing this great remedy. He further states that it is imperative to keep the system in good condition during the Spring months, giving special attention to digestive organs that the food may be properly digested. The following symptoms indicate the conditions of a deranged stomach: Indigestion, flatulency, shortness of breath, palpitation of the heart, belching, fermentation of food, constipation, diarrhea, headache, backache, coated tongue, foul breath, lack of energy or that tired, run-down condition. Good digestion means good health and good digestion means health. HERB JUICE quickly assists in perfect assimilation of food, thereby aiding the manufacture of pure, rich blood, and eliminating the impurities from the system.

Talk with the HERB JUICE man at the Judge & Dolph Drug Store, 214 Washington avenue, and get the full information of this health drive. It may mean a lot to you and costs you nothing. The rush has been great and we want it to continue that HERB JUICE may be shown to be the greatest remedy ever introduced. St. Louis people are getting every day to see the Herb Juice man and thank him for the relief his medicine has given. Thousands of people who have used this famous tonic laxative say it acts almost like magic in the most stubborn cases of constipation, stomach, kidneys and liver trouble.

Why suffer when there is relief to be had.

On Saturday nights the Herb Juice man will be at Judge & Dolph's Wellston Store, 8100 Easton Avenue.

LIQUOR BILLED AS 'SHRIMP' SOUGHT HERE

Documents Concerning Carload Shipment From South to Be Given Grand Jury.

The trail of a carload of liquor, billed as "shrimp" and shipped from New Orleans to St. Louis yesterday, led to the opening of a search here for the Louisiana city, who spent the better part of the last night months tracing such consignments from the South.

It marks the third search conducted here by Matthews since the seizure of a \$20,000 cargo on a side track at Chamade Station, in St. Louis County, last September.

Yesterday's quest, in which Matthews was assisted by Group Chief Graham and his aids, included a visit to the Meyer-Vasquez Com-

mission Co.'s warehouse at Carr and Collins streets, but no liquor was found. The raid was conducted on search warrants issued upon information that a carload of gin, whisky and rum had been consigned on March 24 to the Patterson Sales Agency in St. Louis, registered to the Meyer concern and unloaded at the warehouse.

While all the agents were reluctant to talk about the case, it is understood that documents concerning the shipment have been found in St. Louis and will be submitted to the Federal grand jury next month. Matthews will remain in the city for several days to continue the search for the liquor. The agents said today that no arrests were in sight at present.

Previous shipments of liquor traced here by Matthews were consigned as "oyster shells" and the champagne consignment was transported under the guise of lumber. It was destroyed at the order of Federal Judge Fair.

E. B. Vasquez, vice president of the commission firm, said today he had no information about the raid beyond reports that the agents had

visited the place and several other stores in the neighborhood about 4:30 p. m. No member of the firm was at the store at that time, he said, as the place closes for the day about 2:30 p. m. He said he had no knowledge of any liquor consignments.

Held Up in His Auto.

Joseph Springmeyer, of 3504 Connecticut street, was robbed of \$5.50 by two armed men who boarded his automobile as he made a boulevard stop at Kingshighway and Oakland avenue at 11:30 o'clock last night.

Subpoenas Reported Issued for St. Louisans in Liquor Inquiry.

NEW ORLEANS, April 23.—O. D. Jackson, prohibition director here, said today that Agent John B. Matthews, who arrived in St. Louis yesterday on the trail of a carload of liquor, took with him several subpoenas to serve on St. Louis men, summoning them to appear before a grand jury to explain rum-running activities. Who these men are and where they have been summoned to appear was not disclosed. It is believed, however, that they will be wanted before the grand jury here.

HOSPITAL ADDITIONS ARE RECOMMENDED

Commissioner Jordan Reports Koch and Hospital No. 2 Are Overcrowded

Additional facilities for Koch Hospital for the tubercular and for the physicians and nurses of that institution, additions to City Hospital No. 2, for negroes, and a city-owned dairy to supply city institutions, are among recommendations in the annual report of Hospital Commissioner Dr. G. A. Jordan, for the fiscal year 1924-25.

On the whole, the report says, standards of city eleemosynary institutions have advanced more in the last four years, with the aid of bond issue money and the application of scientific methods, than in all the 37 years he has been connected with the City Health Department.

The report says the City Sanitarium for the insane, which has 3000 patients, lacks adequate medical and dental attention. There are six doctors there and one dentist, the latter on part time. Dr. Jordan recommends employment of six additional doctors and more dentists.

Overcrowding at Koch Hospital and City Hospital No. 2, the report says, constitute the most serious problems of the department.

TRY LEMON JUICE TO WHITEN SKIN

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle, and you have a whole quart of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It cannot irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also as a freckle, sunburn and tan bleach. You must mix this remarkable lotion yourself. It cannot be bought ready to use because it acts best immediately after it is prepared.

Your hands... do they endanger or protect your health?

A feeling of being cleaner than ever before; the skin pleasantly stimulated, softer, smoother; all skin odor gone; a tinge of pink pulsing just below the surface—these benefits from Lifebuoy Health Soap you see and feel—but a greater follows!

Health is guarded.

In crowded cities, you can't prevent germs from getting on your hands. They multiply in the perspiration and body-waste always collecting in pores. This condition is called pathogenic. Your hands are probably pathogenic right now. Germs are thriving in the pores. They must not pass to nose, mouth or food.

The danger met

This is how Lifebuoy protects health against the danger of hands. You must have noticed what an astounding amount of dirt Lifebuoy gets off—dirt other soaps don't seem to touch. That is the hidden pathogenic dirt which clogs pores and harbors germs. Lifebuoy floods it all away. Germs go, too.

The skin lives

How glorious the skin feels then. Sluggishness has gone. Pores are awake. The skin lives.

Lifebuoy is the complete toilet soap. Use it for everything—hands, face, bath, shampoo. In its wonderful new cleanness are beauty, the joy of living—and priceless protection.

HARTFORD, ILL., MAYORALTY CANDIDATE LOSES BY 1 VOTE

Charles Brown of Hartford, a village near Alton, was defeated in the mayoralty election Tuesday by one vote. But if he had gained the votes of his own family, he would have had at least a tie. His son, Frank, did not vote.

There was more than one unusual incident in the elections in nearby towns. L. E. Pruitt was elected Mayor of Hartford and his son, L. E. Pruitt, was elected to an aldermanic seat.

J. W. Robinson was elected an Alderman in East Alton, and his son, Ben, was chosen for a similar position in Wood River.

E. G. Holland supported W. A. Tipton, successful candidate for Mayor of Wood River and was one of those considered for chief of police by the candidate. But when Holland went to the polls to vote he learned he lives without the Wood River city limits. He couldn't vote and he can't be chief of police, so he has offered his home for sale.

It takes healthy gums to keep healthy teeth

If you neglect your gums—let them get in a "run-down" condition—you may soon be numbered among Pyorrhea's countless victims.

Bleeding gums are Nature's first warning. Then the gums begin to recede, lose that rich, healthy-pink color. Poisons collect in pus pockets and often drain through the entire system, causing indigestion, anaemia, rheumatism and other serious diseases of mid-life. In the final stages the teeth loosen and fall out.

Take no chances—use Forhan's

If used in time and used consistently, Forhan's will prevent Pyorrhea, or check its progress—something ordinary tooth pastes are powerless to do. It contains just the right proportion of Forhan's Astringent (as used by the dental profession in the treatment of Pyorrhea). It is safe, efficient and pleasant tasting. Even if you don't care to discontinue your favorite dentifrice, at least start using Forhan's once a day.

Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

FIERY CROSSES ALARM CITY

Des Moines, Negroes Said to Have Threatened K. K. K. Policemen.

By the Associated Press.

DES MOINES, Ia., April 23.—The simultaneous burning here last night of fiery crosses in various parts of the city, including the State Capitol grounds, aroused in one section a number of negroes who threatened the lives of two alleged Ku Klux Klan policemen, and resulted in fire alarms that kept the Fire Department busy answering calls from residents, who feared burning embers, carried by high winds, would cause damage. One negro was arrested.

The demonstration was said to be an attempt by the Klan to arouse interest in a membership campaign. Crosses were burned on the grounds of the Municipal Building, which houses police headquarters, on the courthouse grounds, and at practically every school in the city.

HIGH BLOOD PRESSURE

Physician's Discovery Safely Reduces It to Normal and Dizzy Spells Disappear.

Thousands who have dizzy spells, sleeplessness, nervousness, shortness of breath, pains in the head and impaired energy have been told by physicians or insurance examiners that they have high blood pressure. The serious results are well enough known to check it at once. High blood pressure caused by overtaxing the heart often brings on Bright's Disease, apoplexy and sudden death. Normals reduce high blood pressure to normal. Often one bottle will do it. Many have no test. It is a doctor's prescription that has been used by many who usually have high blood pressure. POLICE CONTEMPT

HEARING DUE TODAY

Board and Chief Scheduled to Appear on Carnival Man's Charges.

Contempt charges under which members of the Police Board, Chief of Police Gerk and Chief of Detectives Kaiser were cited to appear before Circuit Judge Falkenberg today, were deferred for hearing until the afternoon when they came up at 10 o'clock.

The members of the board and the two chiefs were cited to show cause why they should not be held in contempt of court after detectives had arrested Oscar Marquardt, operator of a concession at the carnival of C. M. Oliver, at 4500 Gravois avenue. The arrest was made in the face of an order enjoining the police from interfering with the carnival unless they found evidence of gambling.

Detectives arrested Marquardt and confiscated a toy automobile which was propelled by rubber bands. A stated sum was charged for running it and if it stopped before a particular number denoting an article of merchandise, the purchaser of the concession won it.

It is the contention of Oliver that it was a game of skill and not of chance. The Police Board holds the opposite view that it is a game of chance, and that the police did not violate the court's injunction. The Court will decide whether it was a game of skill or chance.

Assistant Circuit Attorney Wilson yesterday refused to issue a warrant against Marquardt and advise the police that the Circuit Attorney's office was interested only in the prosecution of gambling games which promise large returns to professional operators and would not issue warrants in instances where harmless games of chance were operated. Chief Kaiser said there was little reason for police making arrest if the Circuit Attorney's office would not issue warrants.

Returning, the president-general announced she will visit U. D. C. chapters in Los Angeles and El Paso, Tex., then go to Dallas, where she will act as matron of honor on the staff of the commander-in-chief at the annual reunion of United Confederate Veterans.

HEAD OF DAUGHTERS OF CONFEDERACY VISIT HERE

Mrs. Frank P. Harold Will Be Guest of Local Chapter on Tour to California.

By the Associated Press.

AMERICUS, Ga., April 23.—Mrs. Frank P. Harold, president-general of the United Daughters of the Confederacy, announced today that she will leave her home here Saturday on the first leg of a journey that will end with an official visit to the California division of the organization, the first visit of a president-general to California in many years. Her visit will include attendance at the division convention at San Jose where she will speak.

Leaving Americus Saturday Mrs. Harold will go to St. Louis where she will spend one day as the guest of the St. Louis Chapter, U. D. C. She will proceed to Kansas City to speak before the U. D. C. there Tuesday night. Before going to the San Jose convention she will spend several days in San Francisco.

Returning, the president-general announced she will visit U. D. C. chapters in Los Angeles and El Paso, Tex., then go to Dallas, where she will act as matron of honor on the staff of the commander-in-chief at the annual reunion of United Confederate Veterans.

WOMAN KILLS MAN WITH AX WHEN HE TRIES TO ATTACK HER

Victim, Out of Work, Had been Taken Into Her Home, Slayer Tells Chicago Police.

By the Associated Press.

CHICAGO, April 23.—Carlos Ponzio, 28-years old, was slain with an ax by Mrs. Jennie Stremagila, she informed the police at 1:30 a. m. today. She said she killed Ponzio in her basement at 7:30 o'clock last night, after he had attempted to attack her. He had been out of work and had been taken into the Stremagila home, she said. Mrs. Stremagila, her husband and two children are detained by the police for interrogation.

Extradition to Illinois Granted. AUSTIN, Tex., April 23.—Extradition of J. N. Fiery to Illinois was granted by Gov. Miriam Ferguson yesterday. Fiery, now in Houston, was wanted in Montgomery County, Ill., for "unlawfully driving away and concealing mortgaged chattel property," an automobile, on which notes totaling \$365 are outstanding, the requisition of Gov. Len Small of Illinois, declares.

Grocer Robbed of \$15. An armed robber entered the grocery of Paul Jaggi at 5336 Idaho avenue, at 10:30 o'clock last night as the owner was counting the day's receipts. Jaggi was ordered to lie on the floor and the robber escaped with \$15 from the cash drawer.

CHOOSE The Refrigerator with the Cork-Wall Window

Do you want to save ice? Do you want to protect your foods with the remarkably efficient insulating material—pebbled cork? Then look for the Refrigerator with the Cork-Wall Window.

Only the Alaska Refrigerator has this notable improvement. The Cork-Wall Window is a small round opening on the front of the Refrigerator. It permits you to look inside the Refrigerator wall—to see the pebbled cork insulation which effects such great ice economies.

The Cork-Wall Window—guaranteeing the actual presence of pebbled cork insulation—is the greatest safeguard you can have in Refrigerator buying. Before you select any Refrigerator, ask to see this vital feature.

Any Alaska dealer will gladly show you this and other Alaska improvements, including the full-ice-sweep circulation; the seamless porcelain or white enamel interior with rounded corners; the seal-tight doors and air-tight drain; the fine workmanship and handsome finish. There are styles and prices exactly suited to your income.

3 WOMEN INVOLVED IN LIQUOR DISCOVERIES

Two of Them Are Not Arrested Because They Are Mothers of Several Small Children.

Three women were discovered with whisky mash or whisky by police of the Carr Street Station yesterday evening. At 7:30 Mrs. Mary Bunshak of 1428 North Ninth street was arrested after a still, made of a wash boiler, and two small barrels of mash were found in her quarters.
Shortly after the two barrels of mash were found at the home of Mrs. Beter Deputa, 1432A North Ninth. The mash was confiscated but Mrs. Deputa was not taken in custody, as she has four small children, and her husband is now serving a term in the workhouse for having assaulted her.
A copper still, five kegs and two barrels of mash were discovered in a shed at the rear of 1418 North Ninth street. No one at that address admitted owning it. Later Mrs. Helen Chesendroski, who lives on the third floor at that number, was found pouring the contents of two jugs of whisky in a sink. She said the whisky belonged to her husband, who was at work. She was not taken in custody because she has five small children.

TELLS CHIEF GERK TO "GET THE HELL OUT OF THERE," ARRESTED

John Tendick, didn't know Occupant of Auto When He Sought to Make Headway in Traffic.
"Get the hell out of there, will you?"
John Tendick, 29 years old, an electrician, of 3536 Magnolia avenue, was not acquainted with Chief of Police Gerck when he addressed the above remark to two men in a Marmon automobile at Twelfth and Spruce streets at 9 a. m. today, but he was introduced to him a few minutes later at Police Headquarters as one of the men to whom it was addressed.

Gerck said he was being driven slowly through the heavy traffic on the Twelfth street viaduct by his chauffeur when the driver of a Ford coupe, following closely behind his machine, began an incessant tooting of his horn, apparently because of the slow speed at which Chief Gerck's chauffeur was driving.

Gerck's chauffeur stopped at Twelfth and Spruce to permit several girls to alight from a north-bound street car when, according to the Chief, the driver of the coupe drove alongside and made the remark quoted above in a tone of anger. Traffic Officer Sicking, who was riding in the rear part of the street car, was summoned by Chief Gerck and Tendick's arrest followed on a charge of making unnecessary noises.

MISSOURI PACIFIC TO BUILD 30 MILES OF DOUBLE TRACK

First of Proposed Double Road to Kansas City to Be Built Between Here and Jefferson City.
Construction of 30 miles of railroad track, parallel to the present track at points between St. Louis and Jefferson City, will be started within a short time as part of a program to give the Missouri Pacific Railroad Co. a double track from here to Kansas City. President Baldwin announced yesterday.

It is estimated that at least three years will be required to complete the proposed double track road to Kansas City. The 30 miles of road will be built in four different stretches as follows: 18.5 miles from Isbell to Gasconade, 4.87 miles near Berger, 2.63 miles between Allenton and Eureka and 3.65 miles from the Moreau tunnel to Osage. Cost of the work is estimated at approximately \$2,000,000.

EAGLES TO HOLD STATE MEETING IN BELLEVILLE

Aerial Exhibition at Scott Field and Public Dinner to Be Among Social Features.
An aerial exhibition at Scott Field, a big public dance and a barbecue will be special social features of the annual State convention of the Illinois Eagles to be held in Belleville June 16, 17 and 18. The committee in charge of the arrangements in Belleville also announces that a big parade will precede the public dance on the second day of the convention. It is expected that between 500 and 600 persons from all over the State will attend the convention.

WOMAN FORTUNE TELLER HELD ON CHARGE OF TAKING \$15

Arrested on Complaint of Man Who Says He Lost Money When Visiting Her.
A gypsy woman giving her name as Rose Nichols is under arrest in East St. Louis on a charge of stealing \$15 from Philip Blaies, 22 years old, at Dew Drop Inn on the Macouh road Tuesday afternoon. Blaies charges he lost his money while he was having his fortune told. Sheriff Schnipper was notified that Blaies had identified the woman as the one who told his fortune Tuesday.

Feel All Worn Out?

ARE you dragging around day after day with a dull, constant backache? Do you feel stiff and achy; weak, nervous—all played out?

You should know, then, that these troubles are often due to imperfect kidney action. When the kidneys lag, there's slow poisoning of blood and nerves and an upsetting of the whole system. Your back aches; you have sharp, stabbing pains, headaches, dizzy spells, and often annoying kidney irregularities.

If your kidneys are inactive, help them with a tested diuretic. Use **Doan's Pills**. They are recommended the world over. **Ask your neighbor!**

90 Per Cent Sales Increase In One Year

WHAT SHALL I tell my sales-people to say? What shall I say in my advertisements? How can I find out? What has been the experience of others?
Here is one: At the last convention of the Associated Advertising Clubs of the World, an advertising agent told how a manufacturer, through investigation, had changed the appeal of his advertising with the result that the business increased 90 per cent in one year. The story was told in detail, so that it could be applied to the business of those in the audience. Questions were asked and answered.

Monday afternoon and evening.The festivities, which include a
banquet as well as a program of
entertainment features, will begin
at 4:45 p. m. and continue until 9
p. m. The chief speakers will be Dr.
George B. Mangum, who will de-
liver an address on "Our Responsibility
to the Children of Our City,"
and Miss Harriet L. Walker, who
will discuss the same topic from
the State-wide point of view. Group
meetings by district, supervised
work will follow, and Mrs. W. E.
Van Patten will conduct a demon-
stration of a worship period in the
primary department.After the banquet, which is set
for 6:15 p. m., a musical play, en-
titled "Four Little Birds," will be
presented and there will be a drama-
tization of the story of "The Artist
Who Forgot Four Colors." "Friend-
ly Journeys to Far Countries," will
comprise a series of talks on India,
Japan, China and Mexico by Miss
Elizabeth White, Mrs. F. H. Specht,
Miss Esther Scheip and Miss Edna
Geitz.During the remainder of the
week, parents and teachers will
be held in churches and story tell-
ing hours arranged for children of
various age groups. The Story
Tellers League is also arranging to
hold story hours daily at some 50
centers near public schools where
the pupils may assemble after
school hours.A mass meeting of parents,
teachers and religious workers at
the Kingshighway Presbyterian
church, Kingshighway and Can-
tamine avenue at 2:30 p. m. Sunday,
May 2, will close the week's activi-
ties. Special music has been ar-
ranged and speakers will include
the Rev. Dr. W. C. Ritting and
Rabbi Leon Harrison.**TRADE CONFERENCES TODAY

CAPE GIRARDEAU, Mo., April
22.—Oscar J. Northington has been
found not guilty of murder in con-
nection with the slaying of Otto
dismembering, Otto Girardeau transfer
road, by a District Court jury at
Charleston, Northington, shot
dismembering to death Nov. 14, 1922,
on the streets here, claiming the
trouble between the two arose over
disembowling a turkey with the slay-
er's knife. It was Northington's
third trial. The first jury disagreed.
The second convicted him but the
Supreme Court remanded the case
for a new trial on a technicality.**REPAIR

Can't Be Cured from the Outside.

External treatments seldom cure Piles.
Nor do surgical operations.
The cause is made—bad circulation.
The blood is stagnant, the veins flabby.
The bowel walls are weak, the parts
almost dead.To quickly and safely rid yourself of
piles you must free the circulation—and
a fresh current through the stagnant
blood. Internal treatment is the one safe
method—stimulates and restores blood
flow.J. K. Leinhardt, M. D., a specialist, sets
at work some years ago to find a real
internal remedy for piles. He succeeded.
He named his prescription "HISM-ROD,"
and tried it in 1905 cases before he was
satisfied. Now HISM-ROD is used by
doctors everywhere under guarantee.
It is a harmless laxative, easy to take, and
can always be found at Wolfe-Wilson Drug

Of the food served too much cannot be said. Who-
ever stops at the Maxwell House will be sure
to go there again. These are the words of one
notable guest, printed in the southern newspaper
years ago. Throughout the old South, the Maxwell
House was famous for its delicious food—and especially for its
coffee. So rich-bodied, yet so mellow was this special
blend of fine coffees that the most critical families in city
after city have secured it for their own tables. Today this
same wonderful blend, prepared and roasted in just the
same way, is on sale in sealed tins at all better grocery
stores. The rare flavor and aroma that delighted the old
South is now offered to you. Ask your grocer today for
one of the blue tins of Maxwell House Coffee.

PRESIDENT PUZZLES FANS
BY STRETCHING TOO EARLY
Stands Up in Visitors' Half of Seventh Inning, but Repeats for the Home Team.

By the Associated Press.

WASHINGTON, April 23.—Per-forming like true champions against New York in the opening game of the season here, Washington's baseball team won hearty applause in the seventh inning from its two most prominent rosters, President and Mrs. Coolidge.

The President officially opened the season yesterday with a short, sure peg of a ball to Walter Johnson. Manager Harris had handed the ball to Mr. Coolidge, and just before he tossed it, Secretary Kellogg and Clark Griffith, president of the club, had led a parade of the two teams to center field, where Kellogg raised the American flag as the Marine Band played the "Star Spangled Banner."

Others of the President's party included Secretary Mellon, Attorney-General Sargent and the President's secretary and Mrs. Saunders. Other members of the Cabinet and many persons prominent in official life were scattered throughout the stands.

The President and Mrs. Coolidge applauded with the rest of the fans throughout the game. When Mr. Coolidge stood up in the first half of the seventh inning the rabid fans were at a loss to understand. The President was tired of sitting and wanted to stretch, apparently being unaware that the fans were reserving their stretching until the final half of the inning as a demonstration for the home club.

Mrs. Coolidge explained the situation to the President, but he remained standing. He stood up again, however, in Washington's half inning, and the fans approved with a whoop.

As usual, Mrs. Coolidge kept the score, but many of the notations on the card were delayed while the first lady led the cheering after spectacular plays.

BANKERS APPROVE CREATION OF \$50,000 ENDOWMENT FUND

Would Provide Scholarships in Economics; Council of Opinion Trade Is Fundamentally Sound.

By the Associated Press.

AUGUSTA, Ga., April 23.—Assurance that the business situation of the country is "fundamentally sound" although prosperity has not reached the height which it was expected in some quarters it would, was contained in a resolution adopted by the Executive Council of the American Bankers' Association here yesterday.

A warning that more drastic measures are necessary to combat the wave of bank burglaries in the Middle West, was given in the report of the association's Protective Committee, which declared, "the roving army of desperadoes, flouting the law at every turn," shows a persistent growth that is "convincing proof that the dangers of the bandits threaten to become a permanent menace."

In commemoration of the fiftieth anniversary of the organization's history, the council today voted its approval of a suggestion by the Committee on Anniversary Preparations that an endowment fund of not less than \$50,000 be created for the providing of scholarships in the economic departments of various colleges and, if a sufficient amount is raised, for research work along economic lines. The fund is to be raised by voluntary subscriptions. Two subscriptions of \$5000 each have already been pledged, it was stated.

TO BROADCAST SPEECHES

By the Associated Press.

BERLIN, April 23.—To enable Germany and the outside world to hear the radio campaign speeches of the two principal candidates, Field Marshal Von Hindenburg and Dr. Wilhelm Marx, the Ministry of Post has arranged to broadcast the addresses tomorrow through the Koenig's Wusterhausen, Government station, on a wave length of 1480 meters.

The candidates intended to speak 15 minutes each, Hindenburg in his own home at Hanover, starting at 8 p. m. Berlin time, or 2 p. m. New York time, and Dr. Marx at 9:30 p. m., or 3:30 p. m. New York time, from Nuremberg. Whether the candidates can be heard in America depends upon atmospheric conditions, in the opinion of the postal authorities.

Lauderdale Promoted to Major.

C. E. Lauderdale of 3270 Waterman avenue, in charge of the Reserve Officers' Training Camp at the Dental School, St. Louis University, has received confirmation from the War Department of his promotion to the rank of Major. Maj. Lauderdale has occupied the chair of military dentistry since 1921. He was in charge of the St. Louis units of Dental Reserve Officers' Training Camp at Camp Carlisle in 1922, and at Fort Snelling in 1923-24.

Italian Aviator Off Asia Minor.

By the Associated Press.

ROME, April 23.—Commander Francesco de Pinedo, Italian aviator, has finished the first lap on his flight to Tokio, proceeding yesterday from Sesto Calende, where he was forced down Monday, to Brindisi. He is expected to fly today to Lerro, Lerro is an island in the Aegean Sea off the coast of Asia Minor. It is roughly 540 miles by airline from Brindisi.

At this stage of their training it is
nearly derby eligible should be consid-
ered until the classic is run, among
have been in training at Churchill
at least a half dozen that can be

ion as to the better colt. In the
shown that he can actually do in
racing as a 3-year-old.

Whether these colts can carry
their 126 pounds and keep up their
speed for a mile and a quarter is a
question which will not be answered
until they have been put to the test.

Captain Hal is a son of Black
Tony, a horse that began Black
Doid, a superior colt over the mile
and a quarter route. Captain Hal
was called upon but once to
run a mile last year. In this race
he was giving the winner, Ken-
tucky Cardinal, eight pounds. Cap-
tain Hal carried 126 pounds and
Kentucky Cardinal 118 pounds. Cap-
tain Hal led his field until about 1/2
mile from the finish, when he tired
under the import and Kentucky Car-
dinal beat him.

Like O. Cotner's right to go over
the mile and a quarter route is not
nearly as good as Captain Hal's
last year's real racing form. Lee
O. Cotner was superior at six furlongs
last year, but the public will
have to be shown before it believes
the colt is a good stayer.

with the colt toward conditions
for the grueling route of the Derby.
It is likely that he will show his
preparations in a few days at the
Derby, but until then opinions as to
his chances for Derby honors
will have to be reserved.

NATIONAL SWIMMING
MEET OPENS TODAY
By the Associated Press. April 23.—More
than 150 swimmers, representing
athletic organizations in every
section of the country, were ready to
splish for fame here today as the
beginning of the four-day national
championship tank meet of the
Amateur Athletic Union.

The great new outdoor municipal
pool near the ocean was fitted with
a deep straightaway of 50 yards
heated to a temperature above 72
degrees, and kited with bleachers
for spectators to watch some of

To Baseball Queries

????????????????????
In our game last week a runner of the opposing side was on second base. The ball lay for some time on the ground near the base as our second baseman was fixing his spikes. Then the runner picked the ball up, threw it to first base and ran down to third. He said he had a right to do this after 2 seconds had elapsed. Was he right?—E. M.

He was wrong. The runner never handles the ball. He should have been sent back to second or third. The pitcher got credit for the strikeout. Amateur Score.

Will you please settle this scoring difficulty? Suppose a batter strikes out but is put out by the first baseman on a throw from the catcher who muffed the third strike. The pitcher gets credit for the strikeout?—Amateur Score.

The pitcher gets credit for the strikeout whether the catcher holds the ball or not.

With two out the batter gets a base or runs before he reaches first a base runner is caught stealing, retiring the side. Will the man who received the walk be first up next inning?—M. R. Kirkwood.

He will not. He has finished his term at bat.

Eastern and Western "Trusts"
At War Over World's Mat Title

Sandow Element Claims Lewis Did Not Lose Title to Munn,
While Curley Faction Declares Zbyszko Won
the Crown at Philadelphia.

By the Associated Press.

CHICAGO, April 23.—Prolongation of the dispute as to who is the world's heavyweight wrestling champion was seen today in plans to match Ed "Strangler" Lewis and Wayne "Big" Munn for a go in the open air arena at Michigan City, Ind., May 30, with the diamond studded belt, emblematic of the title, and still held by Lewis, at stake.

Although the veteran Stanislaus Zbyszko carries the title as the result of his defeat of Munn at Philadelphia recently, Lewis previously had refused to turn the belt over to Munn when the giant Nebraskan took his measure at Kansas City.

Lewis has never admitted he lost the title although the decision of the referee generally was accepted. Now it Comes Out.

Billy Sandow, representing Lewis, and who is conferring here with Gabe Kaufmann, Munn's manager, and Floyd Fitzsimmons, promoter of the Michigan City match, is authority for the statement that the Duce the pitcher get credit for the strikeout?—Amateur Score.

If the Michigan City match is billed as a go for the belt, the winner apparently will be placed in the position of disputing the title of Zbyszko, who will make his first defense of the honor in Philadelphia next Tuesday night against Renato Gardini.

The veteran Pole, in meeting his opponents in Eastern cities, is believed in some quarters to have aligned himself with what is known as the Eastern "wrestling trust," with Lewis and Munn holding allegiance to the Western trust.

Crow-Cupples
Game Called
After 2 Innings

Authorities Decide Small Crow
Players Are No Match for
Larger Opponents.

One game was called after two
innings and another postponed un-
til today in the two fights of the
public school championship race
for the Post-Dispatch trophy yes-
terday.

The Crow-Cupples contest at
Murphy Playground was stopped
by authorities after the second in-
ning when it became apparent that
the diminutive boys representing
the Crow School were no match for
the husky Cupples nine. The Crow
team may be withdrawn altogether
from the race for this reason, it
was announced today.

The Glasgow-Webster game,
scheduled to be played at Murphy
Playground, was postponed by con-
stant rain today when it will take
place at the same time.

In the feature game at Caronde-
let Park Lyon School won over

THRILLS.

I REMEMBER, I remember,
The thrill of all my life,
It was the day when I received
My first new Barlow knife,
I gazed upon its shiny blade,
With admiration, dumb,
Then with my priceless little gift,
I straightway cut my thumb.

I remember, I remember,
How earnestly my Ma
Held out against that Barlow knife
When arguing with Pa.
And, when she found I'd cut my
thumb
And caused the blood to flow,
She bound it up, then turned to
Pa.
And said, "I told you so."

I remember, I remember,
The way I used to strut,
When showing all the other kids
How my new knife would cut
While cutting everything in sight.
On wings the hours flew,
But when at last I broke the blade,
My heart was broken, too.

I remember, I remember,
A boy named Willie Green,
And how I made a swap with him,
Conditions, "sight unseen."
I held the knife behind my back
Until the deal was made,
But, when I got the other
knife
It likewise had no blade.

COURT REMOVES
TRADE SHACKLES
FROM PACKERS

Tribunal of District of Co-
lumbia Suspends "Con-
sent Decree" Limiting
Firms to Meat Trade.

RULING DUE TO
PLEA OF CANNERS

Packers Free to Engage in
Grocery Business, Can-
ning, or Anything Else
They Choose.

Post-Dispatch Bureau.
24-25 Wyatt Building.
WASHINGTON, April 24.—The
"Big Five" packers have won an
outstanding victory in the District
of Columbia Supreme Court.

Justice Bailey yesterday sus-
pended the operation of the "con-
sent decree" of 1929 which put the
packers out of all business except
the preparation and sale of meat
products.

The action of the District Su-
preme Court nullifies years of ef-
fort to circumscribe the opera-
tions of the packers, who were
charged with monopolizing the
handling of all food products.

It had been urged that by utiliza-
tion of their meat packing or-
ganizations, their stores, their sales
forces, their delivery wagons, the
packers could ruin all other de-
alers in food and obtain a monopoly
that would place the producing
and the consuming public at their
mercy.

The packers involved are the
Guthrie Co., Armour & Co., Swift
& Co., Morris & Co. and Wilson &
Co.

The packers have had the shack-
les removed as effectively as if the
order had been vacated and once
more may branch into the grocery
business, the hardware business,
the canning business, or anything
else they may elect.

The suspension of the decree was
brought about through the inter-
position of the California Co-opera-
tive Canneries, a Pacific Coast
concern which dealt with Armour
& Co. and which claimed its busi-
ness had been injured by the de-
cree.

The fight to drive the packers
out of all lines of business except
the meat business began long be-
fore 1929, when Francis J. Heney
was in investigator for the Depart-
ment of Justice. He made the
statement that you "could not in-
dict \$100,000,000."

During the Wilson adminis-
tration, A. Mitchell Palmer, as At-
torney-General, procured the
agreement to which the packers
appended their signatures and
which barred them from every
business enterprise except the
handling of meats. Farmers' or-
ganizations throughout the country
had been urging this restriction.

"Suspended" Not "Vacated."
Justice Bailey of the District
Supreme Court refused to vacate
the decree as asked by the pack-
ers. They alleged their consent
had been obtained by duress and
that the decree had been violated
by the Government, since former
Attorney-General Daugherty had
aided their agreement to it, suggest-
ed guilt. Justice Bailey said, how-
ever, there was little difference
between "vacating" the decree and
"suspending" it.

The wholesale grocers and the
Department of Justice are expected
to take cognizance of the court
action. Attorney-General Sargent
said he could not forecast the ac-
tion of the department.

Justice Bailey, in his opinion,
said his first view had been that
the decree should be suspended
merely in so far as the canneries
were concerned, but that all of the
parties—the Government as well as
the packers—had agreed that it
should be suspended or modified
as a whole.

Under the terms of the decree,
the packers agreed to sell all their
holdings in public stockyards,
stockyard railroads and terminals,
and public cold storage ware-
houses, and forever disassociate
themselves from the retail meat
business and the wholesale busi-
ness in groceries, canned fruits,
vegetables and other extensive "un-
related" lines upon which they had
embarked.

EARTH TREMORS IN BAY STATE

By the Associated Press.
BOSTON, April 24.—Disturb-
ance tremors were reported today
from several points in Southeast-
ern Massachusetts. New Bedford
felt shocks accompanied by a rum-
bling sound at 3:15 o'clock, and at
Waltham the phenomenon was
reported at 3 o'clock. No damage was
reported.
